Wedowee Elementary students collect donations for animal shelter

Wedowee Elementary School (WES) Humanitarian Club held its 2nd Annual School-wide Winter Drive for Randolph County Animal Shelter (RCAS).

The students collected second-hand shirts, blankets and towels. The donated items will be used to make winter bedding for the animals at the RCAS.

The mission of the WES Humanitarian Club is to provide community service oppor-

tunities for the students and offer engaging projects that promote leadership skills for students. The club participates in projects that will help people and animals in need. Students gain the ability to brainstorm and participate in projects that can help support organizations such as the RCAS. The Humanitarian Club is a fun and energetic experience for students to expand their passion for helping those in need.
