### 12-18 MONTHS

- 1 Put 3 or 4 objects inside a box with a lid. Choose a theme for your box like clothes, food, animals, toys, transport
- 2 Tap your hands on the lid – facial expressions make it more exciting
- 3 Open the box and find an object – tell Baby what it is
- 4 As Baby gets older, put more objects in the box
- 5 The idea of this game is for Baby to hear the words. Don't be tempted to "test" them

Say a rhyme like  
*"Tap tap box, What's in the box?"*  
as you play the game.
