**Do you have to stay in Tallahassee for the summer to take classes? There is an opportunity for you to apply for Wesley's Summer Residential Staff.**

During the summer, Wesley events still happen in full force, and we need students that are willing to help. Summer Staff involves Sunday services, Wednesday night dinners, small groups, outreach events, community-building events, staff bonding, getting to know new students and more. Summer Residential Staff are undergraduate and/or grad students who live and serve at Wesley for the summer. The expectation is serving for about 12 hours a week. The compensation for residential staff is rent-free housing in our Wesley apartments. Please note that staff members do contribute \$125 a month to offset utilities.

**To apply for summer residential staff, please response to the questions on the next page.**

Email this application to Shane Neiman at [shane@fsuwesley.com](mailto:shane@fsuwesley.com) by May 1.

## **Summer Residential Staff Questionnaire**

*Send application to [shane@fsuwesley.com](mailto:shane@fsuwesley.com)*

1. Why are you interested in serving as a summer residential staff member at Wesley?
2. What would you hope to accomplish by serving on staff this summer?
3. Being a summer residential staff member is a dynamic mixture of roles at Wesley. Each staff person will have a particular area of service in our ministry. Yet staff members are often asked to be flexible and available to serve beyond your particular area of ministry. Plus, you have the opportunity to live in a distinctively Christian community here at Wesley in the apartments with a group of people. How do you feel about that dynamic mix? What are you most excited about? What might you be least excited about?
