Week 20.04.2020

Here are some learning activities for you to try at home. Have fun!

Maths

Your work this week involves:

1. White Rose hub <https://whiterosemaths.com/homelearning/>.
Most of you should be able to complete the Year 4 Week 2 activities.
These start with dividing a number by 10. Then they move on to making hundredths.
The explanations are nice and clear.
This can then be followed up by having a go at pages 28 and 36 of your homework books.
For those of you that find this too challenging, have a go at the Year 3 week 2 activities which are about putting fractions on a number line.
If you have your own special homework book then have a go at page 22.
2. Please continue to practise your times tables on ttrackstars, urbrainy.com or

YEAR 4

For those of you with your own homework book; have a go at page 9 for grammar and page 23 for spelling (you may have done these before but it's good revision to have another go!)

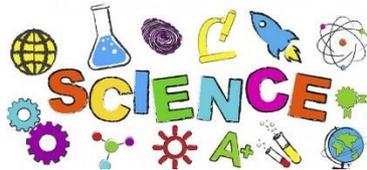

2. Have a look at Vocab Ninja for daily words. What are the words? Can you look for their definitions? Can you put these words into written or verbal sentences?

<https://www.vocabularyninja.co.uk/word-of-the-day.html>
