RE: Testing Centers

On June 1, 2020, PROMETRIC will be opening 100% testing capacity for all Oklahoma testing centers. PROMETRIC has opened these seats for scheduling. **The Licensing Division encourages all Temporary Licensees to schedule their examination as soon as possible.** The Oklahoma Insurance Department is monitoring the testing capacity situation and will be re-evaluating the need for continuing temporary licenses. Notice will be provided when an expiration to the temporary licenses is determined. Study material is available for purchase from our webpage www.licensing.oid.ok.gov as well as the most recent Licensing Information Bulletin from the Exam Vendor which includes outlines for each examination.

Testing centers continue to have enhanced procedures that implement social distancing recommendations by the Centers for Disease Control and Prevention. Candidates are required to wear a face mask at the testing center. Please direct all questions regarding the examination process, scheduling availability and open locations to PROMETRIC by calling them at 1.888.597.8223 or by reviewing their website at www.Prometric.com. Additionally, PROMETRIC has requested candidates who require direct support from PROMETRIC to submit this [form](#).
