

EVOLVING *Pictures*

Evolving Pictures Entertainment Presents, *'My Kinda Town'*

Who ever heard of Mob guys disappearing.....and turning up alive? Well, that's the premise of "*My Kinda Town*", a modern day dramady about just such a happening, and the consequences for the naive, handsome F.B.I. agent who sniffs out a witness protection program that the Mob has created for their own. Circumstances become even more complex when the F.B.I. agent begins to fall in love with one of "their" women. When the Mafia begins to suspect that the town may have been infiltrated by an outsider, the Mob, the F.B.I. and their loyalties all interact in a funny, turn twisting finale.
