Subject: Southern Cross Construction

Hi Jim,

I just wanted you to know that working with Southern Cross on the repairs to our office was great. Tom was extremely good to work with, considerate, kind and always kept me in the loop. They did a great job, were very courteous and informative. While I'm not an expert at construction, I've worked with many, building houses of my own and I find them to be outstanding with their timing and customer service. Great company.

Just thought you should know.

Have a great weekend,

Alex
