Academic Support & Thesis Guidance Programme

The TRI Academic Support & Thesis Guidance Programme, in collaboration with the SASTRA Hub Academy platform, offers students expert assistance with assignments, research methodologies, and structured thesis development. Designed to enhance academic success, this initiative ensures a strong foundation for research and critical thinking, guiding students through every stage of their educational journey. **We offer support in the following areas :**

- **Assignment Assistance** – Helping students structure and refine academic assignments for clarity and coherence.
- **Research Methodology Support** – Guiding students in selecting appropriate research methods for their studies.
- **Thesis Development** – Providing structured guidance to ensure a well-organized and compelling thesis.
- **Critical Thinking Enhancement** – Encouraging analytical reasoning and problem-solving skills.
- **Reference & Citation Assistance** – Ensuring proper academic referencing and citation formatting.
- **Draft Review & Feedback** – Offering constructive critique on research papers and thesis drafts.
- **Presentation Preparation** – Supporting students in preparing impactful presentations for academic assessments.
- **Time Management Strategies** – Helping students organize study schedules for efficient academic progress.

Your Coach

Dr. Ananda is a visionary educator, leadership coach, and mentor dedicated to unlocking the potential of learners through structured learning, personal development, and academic success. With over 21 years of expertise spanning government, corporate sectors, education institutions, training, and social enterprises, he brings a multidisciplinary approach to leadership, ensuring impactful transformation. Holding a PhD in Management from the University Kuala Lumpur (Malaysia), Dr. Ananda has a strong academic foundation with a Bachelor of Science in Computing (Hons) and an MSc in Education & Training Management from the University of Portsmouth (UK). His expertise was further enhanced through executive training at Harvard Kennedy School of Government (USA) and Doctor in Business Administration (DBA) modules at SEGi University (Malaysia). He has served in leadership roles as a Board of Trustees member, Industry Adjunct Faculty Member, Distinguished Industry Advisory Board Member, and Advisor in various educational and corporate settings. With a global perspective, Dr. Ananda's expertise spans multiple industries and leadership domains. He began his career in the UK's higher education sector, gaining hands-on experience in university operations, research, student development, and curriculum innovation. Expanding his scope into corporate investment and industry strategy, he has led projects across oil & gas, technology, transportation, education, and F&B industries, providing strategic insights for business growth. In the United States, he managed Charter Schools Education portfolios, overseeing school accounting, financial planning, budgeting, auditing, and operations, handling large public funds. Dr. Ananda's commitment to education extends beyond corporate and institutional work—he has served as a lecturer, mentor, and advisor for undergraduate and postgraduate students at public and private universities, guiding over 2,000 learners worldwide across the UK, USA, Europe, Malaysia, India, Philippines, China, and beyond. He has also published various H-Index Journals article and is deeply involved in social enterprise and community impact, volunteering as an educator and leadership coach in urban and rural schools. Currently serves as Principal Consultant at TRI Strategy.
