

Tyler Ferrick, BS

Environmental Scientist

Tyler graduated with a bachelor's degree in Conservation Law Enforcement from Unity College located in Unity, Maine. Tyler is also a graduate from the Schoodic Point Seasonal Law Enforcement Program for the National Park Service. His study prepares him for issues dealing with the management and protection of wildlife, natural resources, and environmental laws and regulations. He is working towards becoming an Environmental Police Officer in his future.

Tyler began working with DeRosa Environmental Consulting in the fall of 2012. He is currently working at DeRosa Environmental as an Environmental Scientist. Tyler has been involved in a variety of projects at DeRosa related to MGL Ch. 21e and the Massachusetts Contingency Plan (MCP). He has lead remedial action operations, conducted oversight, and has prepared MCP documents. Furthermore, Tyler has worked with local and state environmental agencies to permit wetland projects. He has experience delineating, designing, and restoring wetland resource areas. Tyler is interested in the natural resources that Massachusetts coast has to offer and is driven by the protection and health needed for these resources in order for future generations to experience.

Prior to immersing himself in the world of science, Tyler worked as an intern with the US Environmental Protection Agency in Boston. Here he began to learn about Brownfield's and the extent and severity of soil and groundwater pollution in our local areas. He also learned about stormwater runoff and successful management and treatment methods. During Tyler's summer working for the EPA he helped with the EPA's food bank canned food drive.

Tyler's love for the outdoors started when he was young. He has many hobbies which include fishing, hunting, skiing, hiking, and just being in the woods. He likes to fish for salt and freshwater fish. He even does some commercial fishing for stripers when he gets a chance.

REPRESENTATIVE PROJECTS

Lead Abatement and Wetland Restoration Project
Burlington, MA

Private Residence | Wetland Restoration
Gloucester, MA

Phase 1 ESA
Salem, MA

Commercial Property | Phase 2 ESA
Plaistow, NH

MWRA RAM Completion Report
Charlestown Wind Turbine Site

Commercial Property | Wetland Delineation
Ipswich, MA

Wetland Permitting | Notice of Intent
Hamilton, MA

Hazardous Waste Clean-Up | Kerosene and Fuel Oil Remediation
Rowley, MA

Wetland Design | Restoration Project
Beverly, MA

EDUCATION

BS, Conservation Law Enforcement | 2012

Unity College, Unity, Maine
