**Proposal for Change in ACSC Policy or Procedure-Lightning
(PERMANENT POLICY)**

Submitted by Julie McLaurine Date 7-16-2016 and 9-24-2016

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal: That each member institution follows a standard plan to use when lightning or thunderstorms are in the area of an outdoor contest. The plan is as follows:

1. Assign someone other than the coaching staff or umpires (because of their other responsibilities) to monitor local weather conditions before and during practices and contests using all technology available.
2. Designate those who have the authority to implement suspension of play and evacuation.
3. Develop an evacuation plan, including identification of appropriate nearby safe areas.
Suggestions:
 - a. An enclosed building (not a dugout or covered stands)
 - b. A hard top vehicle with windows closed
4. Develop criteria for suspension and resumption of play.
 - a. When thunder is heard or a cloud-to-ground lightning bolt is seen, the leading edge of the thunderstorm is close enough to strike your location with lightning. If there are 30 seconds or less between the flash of lightning and the bang of thunder or a weather device gives notification that lightning has been detected 5 or less miles away from the location of the game or practice, suspend play and take shelter immediately.
 - b. Thirty-minute rule. Once play has been suspended, wait at least 30 minutes after the last thunder is heard or flash of lightning is witnessed or a weather device gives notification that lightning is no longer within a 5 mile radius before resuming play.
 - c. Any subsequent thunder or lightning after the beginning of the 30-minute count will reset the clock and another 30-minute count should begin.
5. In the event a person is struck by lightning call 911 immediately. If there are signs of cardiac or respiratory distress administer CPR.
6. Inform umpires/referees of your plan before a contest begins.
7. Inform student athletes and parents of the lightning policy at start of season.

[This plan derived and adapted from a variety of national guidelines.]

Background in support of change: Lightning is the second leading cause of death from severe weather. All major sports organizations (NCAA, NFHS, AHSAA among them) have developed a lightning policy for their membership.

Discussion:

How will this change affect the conference? Long-term? Short-term?

The safety of our student-athletes, coaching staffs, and fans will be improved.

Is there an impact of not implementing this proposal and, if so, what is the impact?Increase the potential for a lightning related incident that could cause physical injury and economic liability for the conference.

When will this change go into effect?

Immediately upon approval.

What precedence might/will this set?

None

Are you requesting a teleconference of the Governing Board? Yes No

**Proposal for Change in ACSC Policy or Procedure-Pre Season Practice
(PERMANENT POLICY)**

Submitted by Julie McLaurine (Exec.Admin.) Date 5/14/2022

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal:

Establish the following guidelines for player gatherings before the official season practice start date:

- Attendance regulations set by each MI
- For conditioning purposes to prepare S-A's for the season and prevent injuries
- Outside instruction is allowed
- Can work on S-A skill development
- Liability waiver; the conference highly recommends that each MI have a liability waiver signed before an S-A can participate but the ACSC Liability Waiver is not required until official season practices begin

Background in support of change: These guidelines were established in 2017 but standard pre-season practice policies have changed in comparable conferences and the ACSC should also change in order to adequately prepare our S-As for season competition.

Discussion:

How will this change affect the conference? Long-term? Short-term?

Long-term affect is to give a standard for pre-season practices.

Is there an impact of not implementing this proposal and, if so, what is the impact?

Continued confusion over the conference definition and policy regarding pre-season practices.

When will this change go into effect?

2022-2023 sports seasons

What precedence might/will this set?

None

Are you requesting a teleconference of the Governing Board? Yes No

EXPIRED AT END OF 2023 SEASON

**Proposal for Change in ACSC Policy or Procedure-Lighthouse/East Central Football
(Continued for 2021,2022,2023)**

Submitted by Julie McLaurine (Exec. Administrator) Date 7-11-2020 (revised 6-17-2023)

Type of change required: ___ revision to existing policy or procedure X new policy or procedure

Proposal:

That current Student-Athletes who are playing football for Lighthouse Homeschool Athletics be allowed to participate in other sports at East Central.

Background in support of change: Lighthouse has only offered football since its founding. Since the beginning of East Central, both have drawn students from the same geographic area. There has not been an overlap of sports until East Central began football last year. Under current regulations students who play football for Lighthouse and not East Central would not be eligible for any other sport at East Central. This does a disservice to those students who wish to continue their relationship with Lighthouse until graduation. This proposal would allow those students who will continue in football at Lighthouse to play another sport at East Central that is not offered at Lighthouse.

Discussion:

How will this change affect the conference? Long-term? Short-term?

There should not be a long-term effect on the conference as it is specific to two institutions and to a specific group of students for a specified time.

Is there an impact of not implementing this proposal and, if so, what is the impact?

It could impact the football program at Lighthouse if students leave their program in order to be eligible to play another sport at East Central. And it does impact students who cannot play other sports at East Central because they are finishing where they started at Lighthouse.

When will this change go into effect?

Immediately

What precedence might/will this set?

None

Are you requesting a teleconference of the Governing Board? ___ Yes X No

Proposal for Change in ACSC Policy or Procedure-JV Basketball Tournament
(Continued 2022-23,2023-24, 2024-25)

Submitted by Tim Smith Date 6-12-2021

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal: The JV Basketball Tournament will be on one day, seeded single elimination, and include all JV teams on the Saturday before the Varsity tournament. Hosting will rotate among the schools as they have a facility available. In 2021-22 East Central will host if possible. If they cannot it will be offered to the next school alphabetically until a site is determined.

Background in support of change: Circumstances in 2021 led to Evangel hosting a one day JV tournament. It went well and numerous coaches requested that be the format in the future. They felt that it gave the JV players more recognition as well as helped in situations where JV players also were Varsity and might have to play two championship games on the same day.

Discussion:

How will this change affect the conference? Long-term? Short-term?

The long and short term affects will not be negative. It could create more interest in JV since they will be recognized apart from Varsity. Also, each school will have an opportunity to host the tournament at some point.

Is there an impact of not implementing this proposal and, if so, what is the impact?

With some COVID restrictions still in place it may be hard to find a large enough gym to accommodate both JV and Varsity for a tournament.

When will this change go into effect? 2021-22 basketball season

What precedence might/will this set? The Governing Board already has final approval for anything the Sports Committee does so this is not taking away from the SC's role but affirming that the GB does have the role of overseeing all aspects of ACSC sports.

Are you requesting a teleconference of the Governing Board? Yes No

Hosting Teams:

2022-23	Evangel
2023-24	Ezekiel
2024-25	Southern Christian
2025-26	Tuscaloosa
2026-27	Wiregrass
2027-28	East Central

**Proposal for Change in ACSC Policy or Procedure-Admission Pricing
(Continued 2024-25)**

Submitted by Julie McLaurine (executive administrator) Date 6/17/2023

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal: The maximum regular season admission price charged for conference games or matches will be \$8 Adults, \$6 Students, \$30 Family (immediate family only). This maximum will be across all sports, but schools may set admission prices lower as desired. This maximum is for inter-conference games or matches.

Admission prices charged for post-season play will be determined by the host institution based upon their cost for facility use and officials, also taking into consideration the number of games that will be played at that location.

This policy, if adopted, will be presented for renewal or revision at the conference annual meeting.

Background in support of change: Confusion every year on what admission prices will be charged from sport to sport and school to school. It will help schools and supporters to have admission prices constant for planning and budgeting purposes.

Discussion:

How will this change affect the conference? Long-term? Short-term? The short-term affect will be a lessening of the confusion over conference game prices. As the proposal will be discussed each year the conference is only subject to it on a yearly basis.

Is there an impact of not implementing this proposal and, if so, what is the impact? Continued confusion among schools and supporters regarding the admission prices for away conference games.

When will this change go into effect? The policy will be in effect for all sport for the 2022-23 season beginning with volleyball.

What precedence might/will this set? The need for a standard admission price throughout the conference.

Are you requesting a teleconference of the Governing Board? Yes No

Proposal for Change in ACSC Policy or Procedure-RUN RULE BASEBALL/SOFTBALL

Submitted by Julie McLaurine for Baseball-Softball Committee Date 6-17-2023

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal: Change the Mercy/Run Rule for baseball and softball as follows:

For Varsity baseball: 15 runs after 3 innings; 12 after 4; 10 after 5

*12 runs after 3 or 4 innings; 10 runs after 5

For JV baseball: 15 runs after 3 innings; 12 after 4 [JV games end are only 5 innings]

*12 runs after 3 or 4 innings; 10 runs after 5

For softball: 15 runs after 3 innings; 12 after 4; 10 after 5 [same as Varsity baseball]

*12 runs after 3 innings, 10 runs after 5, 8 runs after 5 innings

Background in support of change: If one team is dominating another in a particular game, it helps both teams to not prolong the game especially in limiting the innings pitchers need to pitch.

Discussion:

How will this change affect the conference? Long-term? Short-term?

This policy was used in 2022-23 and was shown to be a good policy. Instead of making a bylaw change this year the Governing Board amended the relevant bylaw to say that the policy will supersede the bylaw for the 2023-2024 season.

Is there an impact of not implementing this proposal and, if so, what is the impact?

Potential for longer games with wide gaps in scores and detrimental to pitchers.

When will this change go into effect?

2022-2023 Baseball/Softball season

2023-2024 continued

What precedence might/will this set?

None

Are you requesting a teleconference of the Governing Board? Yes No

Proposal for Change in ACSC Policy or Procedure-All Conference Selection

Submitted by Julie McLaurine, Executive Administrator Date: 6/17/2023
(Continued 2024-25)

Type of change required: revision to existing policy or procedure new policy or procedure

Proposal: At the Sports Committee meeting prior to the beginning of the season for each sport, the committee will determine the process for the regular season selection of All Conference players. The plan will be submitted to the Governing Board for approval before implementation.

Each All Conference team will be comprised of the numbers allowed in bylaws 7.3.b.i through 7.3.vi.

The process proposed by the committee is required to follow the long-established conference guidelines as found in the bylaws on p. 17-18 in a note: "These awards are not "popularity/congeniality" contests. Coaches are NOT obligated to select an S-A from each team. These awards recognize consistent excellence and skill in a particular sport throughout that particular season. Individual statistics and team record is not always indicative of who is deserving. However, statistics and record are good criteria. Rule of thumb-these awards are for the most excellent players in each sport."

This process may include, but is not limited to, procedures that were utilized previously.

At the end of each season, the new process will be evaluated by the coaches and the GB for how well it worked. It will either be refined or recommended as is for use in 2024-2025.

The process will not substantially change every year unless the GB makes the changes.

Background in support of change: Coaches have never fully supported any process used to select All Conference so the GB decided to have them come up with a plan. Each particular sport may have unique needs to consider so having the committee devise it would allow for different plans that meet specifics of each sport.

Discussion:

How will this change affect the conference? Long-term? Short-term?

The hope is that it will change All Conference selection for the better in the long run.

Is there an impact of not implementing this proposal and, if so, what is the impact?

All Conference selection processes used in the past have consistently failed to recognize all of the best athletes in the conference and coach participation has been low. The GB does not want this to continue and thinks new procedures determined by the coaches will help.

When will this change go into effect? Fall sports 2023-24

What precedence might/will this set? None as the proposal is very specific.

Are you requesting a teleconference of the Governing Board? Yes No

SCHOLARSHIP(S)/FINANCIAL AID REPORTING

SCHOOL NAME: _____ **DATE:** _____

The purpose of this form is to determine compliance with Bylaw 9.2 “There are absolutely no scholarships awarded to students for the purposes of athletics,” as well as to document the allowable scholarships and financial aid offered by each school.

For the purposes of completing this form the following definitions are used:

Scholarship – Financial aid provided to a student on the basis of academic, athletic, music, or similar merit or achievement.

Financial Aid-Financial aid is any grant, loan, or paid employment offered to help a student meet his/her educational expenses based on need. Need based means that the family’s financial resources are not sufficient to cover educational costs. This aid may come from the federal or state government, the school itself, or private funding.

1. Does your school offer student athletic scholarships? Yes _____ No _____
2. Does your school offer student scholarships and/or financial aid of any type? Yes _____ No _____
3. If you answered Yes to question 2, please mark the types of scholarships/financial aid offered on a regular basis:
_____ Academic _____ Music
_____ Complete or Partial Tuition based on Financial Need
_____ Complete or Partial Tuition for Compassionate Reasons
_____ Other

4. If you marked Other in question 3, please explain the nature of the scholarship and/or financial aid.

5. Does your school currently offer or has offered in the past sports fee reduction or miscellaneous expense payment for a student’s one time need? Yes _____ No _____

6. If you answered Yes to question 4, please explain.

AGREEMENT OF EXPECTATION AND RESPONSIBILITY FOR SPORTS PARTICIPATION

The Alabama Christian Sports Conference (ACSC) allows its Member Institutions (MI) to draw student-athletes from an Approved Academic Organization (AAO) for the purpose of participating in the sports program of the MI.

EXPECTATIONS AND RESPONSIBILITIES OF THE APPROVED ACADEMIC ORGANIZATION

- The AAO functions as a private, church, or home school as defined by the education laws of the state of Alabama.
- The AAO does not provide the sport(s) that their student-athlete will participate in for the ACSC.
- The AAO will provide the ACSC or MI with the number of 9th-12th grade students enrolled in their school.
- The AAO will complete an Academic Validation form for the student-athletes enrolled in their school when requested to do so by the MI. This form validates the grade in which the student-athlete is enrolled and that the student-athlete meets the minimum academic eligibility requirement of the ACSC to “maintain a 2.0 average on a 4.0 scale in each of the core subjects.” (ACSC Bylaw 3.3)

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You cannot see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

- Headaches
- “Pressure in head”
- Nausea or vomiting
- Neck Pain
- Balance problems or dizziness
- Blurred, double, or fuzzy vision
- Sensitivity to light or noise
- Feeling sluggish or slowed down
- Feeling foggy or groggy
- Drowsiness
- Change in sleep patterns
- Amnesia
- “Don’t feel right”; fatigue or low energy
- Sadness; nervousness or anxiety; irritability
- More emotional; confusion
- Concentration or memory problems (forgetting game plays)
- Repeating the same question/comment

Signs observed by teammates, parents, and coaches include:

- Appears dazed
- Vacant facial expression
- Confused about assignment
- Forgets plays
- Is unsure of game, score, or opponent
- Moves clumsily or displays lack of coordination
- Answers questions slowly
- Slurred speech
- Shows behavior or personality changes
- Can’t recall events prior to hit
- Can’t recall events after hit
- Seizures or convulsions
- Any change in typical behavior or personality
- Loses consciousness

ACSC Concussion Policy:

Any student athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be removed from the contest and shall not return to play until a medical release is issued by a medical doctor.

Any health care professional or coach may identify concussive signs, symptoms, or behaviors of a student athlete during any type of athletic activity. Once concussive signs are identified, only a medical doctor can clear an athlete to return to play.

What can happen if my child keeps on playing with a concussion or returns too soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often fail to report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents and students is the key to a student-athlete's safety.

If you think your child has suffered a concussion:

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without clearance from a medical doctor. Close observation of the athlete should continue for several hours. You should also inform your child's coach if you think that your child may have a concussion. Remember it's better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

I have reviewed this information on concussions and am aware that a release by a medical doctor is required before a student may return to play under this policy.

1. Christian Character Team in each Sport
(one for Varsity Girls, one for Varsity Boys)

Doug Harrison
Christian Character Team

Each season for every sanctioned sport, the ACSC recognizes one player from each Varsity team as a member of the Doug Harrison Christian Character Team. Christian Character Team members are high school athletes who by their testimony and their actions have consistently exemplified the highest ideals of Christian character and leadership.

Each player is selected by his/her coach using the following criteria statements as a guideline:

- He/she accepts their God-given gift of athletic ability and works to maximize that potential by giving 100% at practice and in competition.
- He/she consistently demonstrates a Christian example in moral maturity and a spirit of good sportsmanship.
- He/she provides Christian leadership both in and out of the athletic arena in their home, church, and community.
- He/she has earned the respect of his teammates and members of the opposing teams through his/her dependability, work ethic, and willingness to make personal sacrifices for the good of the team.
- He/she attends church regularly and becomes involved in ministry opportunities.

Coaches submit the names at a prescribed date on the ACSC Calendar. The team will be announced as the culmination of the regular season award ceremony during the State Tournament or Championship with each team member receiving a framed certificate.
