

High Flash Industrial Solvent

PRODUCT NO.: WH-810-HF

- Highest purity hydrocarbon solvent available
- Versatile - use to clean all metal surfaces by wiping, immersing (parts washers) or spraying (use with Sure Shot Sprayer)
- No chlorinated solvents, ozone depleting compound (ODC's) or Hazardous Air Pollutants (HAP's)
- High dielectric strength – useful cleaner for electric motors and components
- Low VOC's - less evaporation
- RCRA non-hazardous
- High Flash above 145° F

High Flash Industrial Solvent is an economical, highly refined solvent cleaner with a high flash point of 146°F and is specially designed for basin type parts washers. It dissolves oils, greases and other machine soils. It is not an ozone depleting chemical and is a low toxicity concern. May also be used as a general purpose degreasing agent.

This is a ready-to-use product – NOT to be blended with water.

Applications & Uses	Dilutions	Directions
Degreasing Auto, Brake, & Machinery Parts & Equipment, Asphalt Equipment	Full Strength	Apply product by wiping or spraying onto surface with cloth, immersing, or by pressurized <i>Sure Shot</i> Sprayer. Let stand for several minutes, brush or pressure wash off.

Suggested Industry Applications:

Aeronautical	Highway Maintenance Machines	Rail
Automotive Dealerships	Shops	Service Stations
Construction Equipment	Mining	Waste Management
Farming Equipment	Oil Refineries	Asphalt Equipment
Fleet Operations	Printing	

Specifications:

Appearance	Clear, thin liquid
Odor	Light Solvent Scent
pH	N/A
Flashpoint	>145°F
Specific Gravity	.80
VOC	100%
DOT Label	Combustible Liquid

General Cautions For Use:

Combustible liquid.
As with all cleaning agents, keep this product out of the reach of children.

Container Sizes:

55 Gallon Drum
