

POWERFUL  PERFORMANCE

# Introducing the Graber Virtual Cord™ App

CONVENIENT SHADE CONTROL  
IS IN HAND

Now you can easily program motorized Graber Shades to open and close automatically—on your schedule and from wherever you are. Simply access the Graber Virtual Cord App from your mobile device to operate a single shade or a whole houseful.

## Get the App

SMARTEN YOUR SHADES | SIMPLIFY YOUR LIFE

- Easy start, easy setup, easy to use app—and I'll help every step of the way.
- Program your Graber Shades to raise and lower with our fully integrated experience.
- Close children's room shades before bedtime, raise your shades with the sunrise, or set any unique scene you prefer.
- Download the app to each family member's device—and assign different levels of permission to the kids.
- Join the app to in-home smart devices, like Alexa and Google Home.
- Enhance your security by programming your shades to look like you're home when you're not. Even override your settings when needed.
- Make a powerful, sophisticated statement with beautiful Graber Shades automated by the cutting-edge Graber Virtual Cord App.

Let's motorize your Graber Shades today—I can handle all the details!
