THISDIALSADONA

CONTINUING A 4 GENERATION TRADITION OF RAISING HORSES, O WAVE O PERFORMANCE HORSES...

raises and trains horses in Casper, Wyoming. JR, Jonee, and their children Heston and Halle, along with Jonee's family, raise and train Quarter Horses for the competitive barrel racing and roping industries.

O WAVE O PERFORMANCE HORSES...

raised and now stand the stallions...A Streak Of Rooster, Six Honors, and the late stallion, Roosters Fame.

The dams to their stallions, Thisdialsadona and Miss Jet Boone are a major influence on their breeding program. After rodeoing and ranching on the mares, they knew those were the traits they wanted in the horses they raised and competed on. Six Honors along with his sisters and their offspring have endless heart and try. The Six Honors offspring are proving to be like their previous granddam...tremendous trainability, willingness and talent. Sisters to Six Honors include numerous great horses such as Sarah Rose McDonald's, Brookstone Rose, Brenda Seeley's Le Ritz Rose, and ranch owned Miss Jet Ta Fame. Six Honors oldest foal crop is 4 in 2017... look for them in the arena soon.

**MISS JET
MOON**

THISDIALSADONA, the dam to A Streak Of Rooster and the late Roosters Fame, was the only producing daughter of the great Dial A Red Rooster. He passed on a gritty and tough disposition with a strong conformation which is a perfect combination for an arena performance horse. Roosters Fame and A Streak Of Rooster, like their dam and grandsire, are passing on the same mighty conformation with awesome, gritty trainability. Their offspring are proving to have the champion combination in their blood. We R Who We R, Just The Way You Are, UX Johnny Girl, to name a few by the late Roosters Fame, are making consecutive trips to the winner's circle. A Streak Of Roosters oldest foal crop is 3 in 2017. Look for them in the arena in the near future.

Continue Roosters Fame...

Continue Roosters Fame...

ROOSTERS FAME passed away unexpectedly at age 8 in 2012. Thanks to technology and frozen semen, foals are still being born by the much missed stallion. O Wave O Performance Horses has a limited amount of frozen semen still available. Shipped, cooled semen is available on Six Honors and A Streak Of Rooster. Working closely with Dr. Wade Shoemaker of Countryside Large Animal, O Wave O Performance Horses also provides on-ranch breeding services with full mare care.

A STEAK OF ROOSTER

SIX HONORS

RIVER ISLAND RANCH

Along with standing stallions to the public, O Wave O Performance Horses raises, trains and sells their ranch raised horses. The program takes pride in selling exceptional young horses that have a solid foundation. Mares and foals pasture the summer months high on the Laramie Plains, where they learn to travel and use their feet and as 2 year olds, they are started and take part in the everyday ranch work.

The mission at O Wave O Performance Horses is to breed and raise horses with a first class pedigrees and conformations and with a strong work ethic. Our goal is to exceed the expectation of the breeder, buyer, trainer and competitor.
