Description:

Potential pandemics and how you approach environmental health and safety issues have become center stage. We will discuss protecting children, staff and visitors to your facility. Compliance with federal, state and local regulations, life safety and sick building syndrome issues are discussed. Practical topics such as communicable disease transmission, cross contamination, when, what, which products to use, as well as how to clean and disinfect are discussed.

Who should Attend?

Directors, Administrators, Teachers, Nutrition and Custodians staffs and Volunteers.

Session:

Half Day Training at a location of your choice

Investment:

Free quote! We are competitive and discounts are available. Handout materials are separate. Book early, limited dates available. Travel and other out of pocket expenses are borne by the client.

We make sense of the science and human factors affecting your child care facility.
