GROUND FLOOR

A detailed 3D architectural rendering of a house's ground floor plan, viewed from an elevated perspective. The house features a central staircase with wooden steps and railings. To the left, there is a kitchen area with a white countertop and a sink. The living area includes a sofa and a coffee table. The right side of the house contains a bedroom with a bed and a bathroom with a toilet and sink. The house is surrounded by a green lawn and has several flower beds with various plants and flowers. The overall design is modern and functional.
