- 99a. Larchmont Reservoir (New Rochelle)
- 99b. Croton River Gorge Trail/Croton George Park (Croton)

Join WTA in completing the Westchester 100, a project inspired by the *Walkable Westchester* series by Jane and Walt Daniels. Listed above are most of the hiking areas and trails mentioned in the book. Since there are now three editions, some categories on this list (Morning Strolls, Afternoon Jaunts, etc.) may differ from the book you are using, so be sure to check the index if there is any inconsistency.

We've assigned a value to each trail based on length. There are 91 "regular" hikes, and 18 shorter ones with "a" and "b" designations which are each equal to half a hike. Where more than one area is shown next to a number (for example, 94b lists East Irvington Nature Preserve and Halsey Pond), all areas listed must be hiked to qualify. Where alternates are listed, you can select whichever alternate you prefer and receive credit for that hike.

Keep a record of the date and place of each of your hikes. Send us the list when you complete the challenge, and you'll receive a certificate for your efforts and a patch to proudly display on your pack.
