

An emergency membership meeting was called to order. It was decided at that meeting to cancel the bike nights at the present time. We are currently in the process of looking for another venue for our bike nights. Until then, stay tuned for further updates.

The upcoming party was discussed and another party planning meeting date was set.

There was no treasurers report. There was no report from any of the other board members.

Trisha S showed us the patch that is being made in memory of Wally.

Another sign was hung at the campground following the memorial ride for Rick. One of Ricks sons put the sign up and was very grateful for the money raised during the ride. It will assist with the final expenses for Rick

Hope to see you all at the party and stay safe.
