

Capability Statement

Abbie Jones Consulting, (AJC) specializes in complex land surveying, civil engineering, and traffic counts. Ms. Abbie Jones, PE, PLS, founded the firm in 2011. AJC provides land survey services such as: airfield, boundary, topographic, aerial control, limited subsurface utility engineering (SUE), small scans, shallow hydrographic, geodetic control, mapping, as-builts, ALTA/ACSM, and construction staking. Our civil engineering services include site design, transportation engineering, sanitary & storm system design, owner rep. and permitting.

Core Competencies

- Civil Engineering
- Land Surveying
- Traffic Counts
- Airport Surveying
- Facilities As-builts
- Construction Plans
- Owner's Rep (Distillery)
- Construction Staking (Large Jobs)

Differentiators

- Our licensed professional engineers can take complex problems and easily create constructed projects.
- Our staff have past backgrounds as municipal employees and in a survey-engineer office.
- We partner with architects, structural engineers, and landscape designers.
