

For unto us a child is born!

Durango Pregnancy Center

December 2022

Away in a manger...

If a picture is worth a thousand words, this one speaks volumes. Babies generally do not come into the world quietly and I suspect that Jesus, contrary to what is usually portrayed, also appeared boisterously!

He came into His worldly existence the same as any other baby - vulnerable, needy, fragile, hungry, and needing care. He also needed housing, clothes, food - the essentials.

This year Durango Pregnancy Center came alongside over 30 women who were bringing into the world, a baby. We worked with other community agencies in assisting them with clients they were not able to help due to financial constraints. We supplied housing, car seats, clothes, bill payment - whatever supported life.

We were able to do this because of the generosity of

people who believe that a baby born today is created in the image of the Baby born centuries ago.

May this season of new birth and new life bring you new joy!

*Blessings,
Valerie Mangrum
Executive Director*

Prayers for new horizons

Durango Pregnancy Center believes that God is leading us to be open to additional ways to serve our community and the needs of our women and babies. We would be grateful for your prayers and support.
