TURRETS

Hampden will design a turret to fit your specific needs!

Depending on the program you're teaching, Hampden has the right mix of equipment, from the power supplies to meters to oscilloscopes to function generators.

We will design your bench and turret to fit your equipment needs.

If your focus is on storage components or lockable storage, we can develop any design for your lab.

Our standard array of turrets are available in any height-width-depth or we can design a turret to fit your specific needs.

POWER SUPPLIES/SERVICE OUTLETS

Hampden can customize your workstations with the highest quality service outlets and AC/DC variable voltage power supplies

Whatever your needs:

- Fixed Power
- Variable AC
- Variable DC
- Single Phase 120/240
- Three Phase 120/208

we can provide them.

Our power supplies carry a UL label providing safety and security for your equipment and students.

Whether it is large or small, Hampden has the power supplies for you.

Standard Products...Designed to Meet Your Growing Needs!

WORKSTATION DESIGNS

SPECIAL BENCHES / STORAGE

Hampden's factory engineers can provide solutions for your specialized educational workstation requirements

There is never enough storage in any lab. Hampden can help!! With our standard storage benches, and benches that fit the space in your lab and your equipment, any solution can be designed and realized.

***"If you can imagine it, we can build it."* Storage is an important part of your lab. We can help you with this for now and in the future.**

THE POSSIBILITIES ARE ENDLESS ...

Look to Hampden to design a lab that fits your exact specifications

No matter what height, size, color, or configuration you want or are required to have, we can help you to achieve the lab that works for you.

Whether it's a computer integrated bench or a standard work table, let Hampden be your guide to equipping your lab.

LABORATORY WORKSTATION DESIGNS

**Regardless of Your
Laboratory Requirements...
Hampden Can Provide
Solutions**

Hampden specializes in laboratory solutions for your needs. We don't believe in a "one solution fits all" product. Instead, we have the ability and the design know-how to provide you with the product that makes the full use of your laboratory environment a reality.

Hampden is committed to providing industry-leading technology. For the latest from Hampden, visit our home page at <http://www.hampden.com> or e-mail us at sales@hampden.com
