## CLASS SCHEDULE : FEBRUARY 2026

*Recommended ages: 12 – Adults*

### WATERCOLOR PROGRAM:

All of the Watercolor classes are multiple sessions; 2 – 4 weeks dependent upon the level. They are instructor led, step-by-step instruction. Although we are referencing the same picture, every painting will become unique to the person creating it through style, color use, and ability.

#### Watercolor: Basics

Starting you off with the groundwork to working with watercolor, you'll be learning:

- all the base terminology & techniques
- special effects achieved with unique materials
- about the various materials & tools

Single Class Fee: \$15 total

Monday, Feb 2: ○ 11 am – 1:00 pm **OR** ○ 5 – 7:00 pm

#### Guided Watercolor: Beginner

A yummy stack 'o macarons will be super fun to create! The unique pen & ink style is perfect for beginners to excel at. Each student can work with completely different, unique colors.

You'll be learning: splatter control, pen work options, white space, shadowing and process steps.

*Plan to take a minimum of 2 months of class at this level*

#### Guided Watercolor: Experienced

I've received so many requests to paint a galaxy, so we are finally going to do it! This one will be a wonderful challenge for even the most experienced watercolor student. There is so much potential for mixing the colors, using white gouache correctly, keeping a lost edge and achieving high contrast. Start thinking about the fun colors you want to use (lime green, magenta, which blue, etc)!

To keep us from overworking the galaxy, we are also going to work on (more) confectionary!

Session Fee: \$60 total

Tuesdays, Feb 3 – 24

**OR** Saturdays,

Jan 31 – Feb 21
