SAMANTHA FLANNERY

HOW DID YOUR RUNS GO?

In the 1st round she had a pretty average run and was 19th in the round. I'd had a few issues with the first barrel, so I ran her in a different bit. The 2nd round, was kind of a hassle from the beginning. When we walked her out of the stall to saddle, we noticed a missing front shoe, called the farrier, told him we had 2 hours till we ran. By the time he showed up, we had an hour!! I was running other horses; when it was time to get on her, she wasn't back. They brought her over in time for me to warm up properly and I put on her original bit that I've used all year. She worked great!! Fastest time of the futurity. At this point, I knew I had fast time, but had NO IDEA I had won the futurity. When I walked her back out of the barn, she was lame and had lost another front shoe. I was flustered finding the farrier again, plus her shoe. I headed back into the arena to find the shoe and everyone was congratulating me. It was hard for me to believe that I had gone from 19th to 1st. In my flustered state, it took a long time to sink in.

LENAS LAST STREAKER is a daughter of A Streak Of Fling and out of Easy April Lena by Doc O Dynamite. Lena was bought as a 2 yr old on the Fulton Sale in 2014 by Jerry Adamson for his wife, Delores Adamson. They are both good friends of mine, and when I teased her about being a big spender, she said I better make room for her. I had Lena a couple months in her 3 yr old year and again a couple months her 4 yr old year. I call Lena "Precious" a lot. She does anything asked of her and stays humble. She has already had an amazing year; placing in the 1D at large shows from the very beginning. She has probably won around 10k.

HURDLES, QUIRKS, SETBACKS...

She's perfect!! She got sore through June which set us back, but we are mended and running good. She turns very square, huge stride and very fast. She aims to please and always gives 100%.

She was sore I think for awhile before she started letting it affect her, so then it was really bad and took awhile to bring her back around.

She took to the barrels fast, so isn't practiced much. She also does poles and enjoys cattle work. We have to keep her busy without the barrels; she just doesn't need practice work much--about once every two weeks I'll make some slow practice runs just keeping her proper. It takes about 5 minutes. She isn't much of a challenge. I've rode a couple horses like her; she aims to please and gives 100%. She is very easy to ride, stays square and doesn't throw you around.

I use a Loomis Gag bit, Ammerman saddle, and a Cutter Collection pad. She gets Equivibed several times a week and BOT at shows.

DASH AND DANCE...

This is one of my absolute favorite shows. The location is beautiful. It's a family ran futurity. The arena is small, slightly straight to the first barrel and the ground is good and safe. This futurity is a MUST!!

GOALS...

Our futurity schedule is Cornhusker, Triangle Cross, Fizz Bomb, Parker-Wood, Grid Iron and Hawki. Then she will go to the Adamson's granddaughter, Sydney Adamson and help her finish out her high school career and then on to college.

I am thankful for...my interns the last 3 years, that have all fallen in love with her. My family, who also kind of likes her and of course the Adamson's for giving me this opportunity to ride this awesome mare!!

Samantha
