### Check Out

Checkout time: 11:00 AM

Late checkouts are dependent on schedule and incur a \$50 fee. Please reach out to your host if you think this may be something you need!

The checkout process is simple, leave the parking permit on the kitchen counter and return any keys or keyfobs to the lockbox, and you are free to go

# Check In

Welcome, you will be staying at: 60 E Spring St. Retrieve your key fob from the parking lot on the right side of the building.

When you are checked in you can park in the garage. Look for the big red sign. The lockbox is below it on the left side, attached to the wall.

The lockbox code is 0000. Once you retrieve the key fob you will return to the front of the building and find the black gate.

Approach the gate and look for the key fob reader. It will be located on the left hand side, underneath the call box.

Hold the key fob in front of the reader, then you will open, and enter through the gate.

Follow the path to the door next to the curved mosaic wall.

Enter through the glass doors and continue through the next set of doors to the hallway with the black and white carpet.

Use the key fob reader to the right to open the next set of glass doors, and turn right into the hallway.

You will see the hallway continue, and curve off before an elevator. Turn down that hallway. Look for unit 105

Use the keyfob to unlock the door. Once the door is unlocked, you will grab the garage opener from the counter and park your car in the garage.

The garage is located at the front of the building. You will use the clicker to open the garage. Once it is completely open, you may enter.

Look for parking spot #4. It is marked with yellow spray paint.

If you park anywhere besides spot #4, you will be towed.

This is another angle of spot #4. If you have more than one car, you will need to find metered or street parking for any additional cars. Besides that, you're good to go! Have a great stay.
