

# THE 2X-FOLD PROPHETIC COUNTDOWN

In the continued quest to keep watch and pray over our current disposition of time, those Followers of Christ are not without instruction. In this apparent time of waiting and watching, Titus 2 clearly instructs the Followers of Jesus on what to do. Thus pertaining to this possible time of watching and waiting, the purpose of this study is to only depict 2 possible timelines that appear to have been initiated by the *Great American Eclipse* event that speak directly at a possible time of waiting and testing. One timeline will be based on a 33 day interval and the other will be based on a 40 day interval of time. Both timelines will be compared side by side since the solar eclipse of August 21, 2017. The reason why these 2 timelines could be significant and perhaps still prophetic is that the solar eclipse might have been and is an initiation of a countdown. In the continued quest to keep watch and pray over our current disposition of time, those Followers of Christ are not without instruction. In this apparent time of waiting and watching, Titus 2 clearly instructs the Followers of Jesus on what to do. Thus pertaining to this possible time of watching and waiting, the purpose of this study is to only depict 2 possible timelines that appear to have been initiated by the *Great American Eclipse* event that speak directly at a possible time of waiting and testing. One timeline will be based on a 33 day interval and the other will be based on a 40 day interval of time. Both timelines will be compared side by side since the solar eclipse of August 21, 2017. The reason why these 2 timelines could be significant and perhaps still prophetic is that the solar eclipse might have been and is an initiation of a countdown.

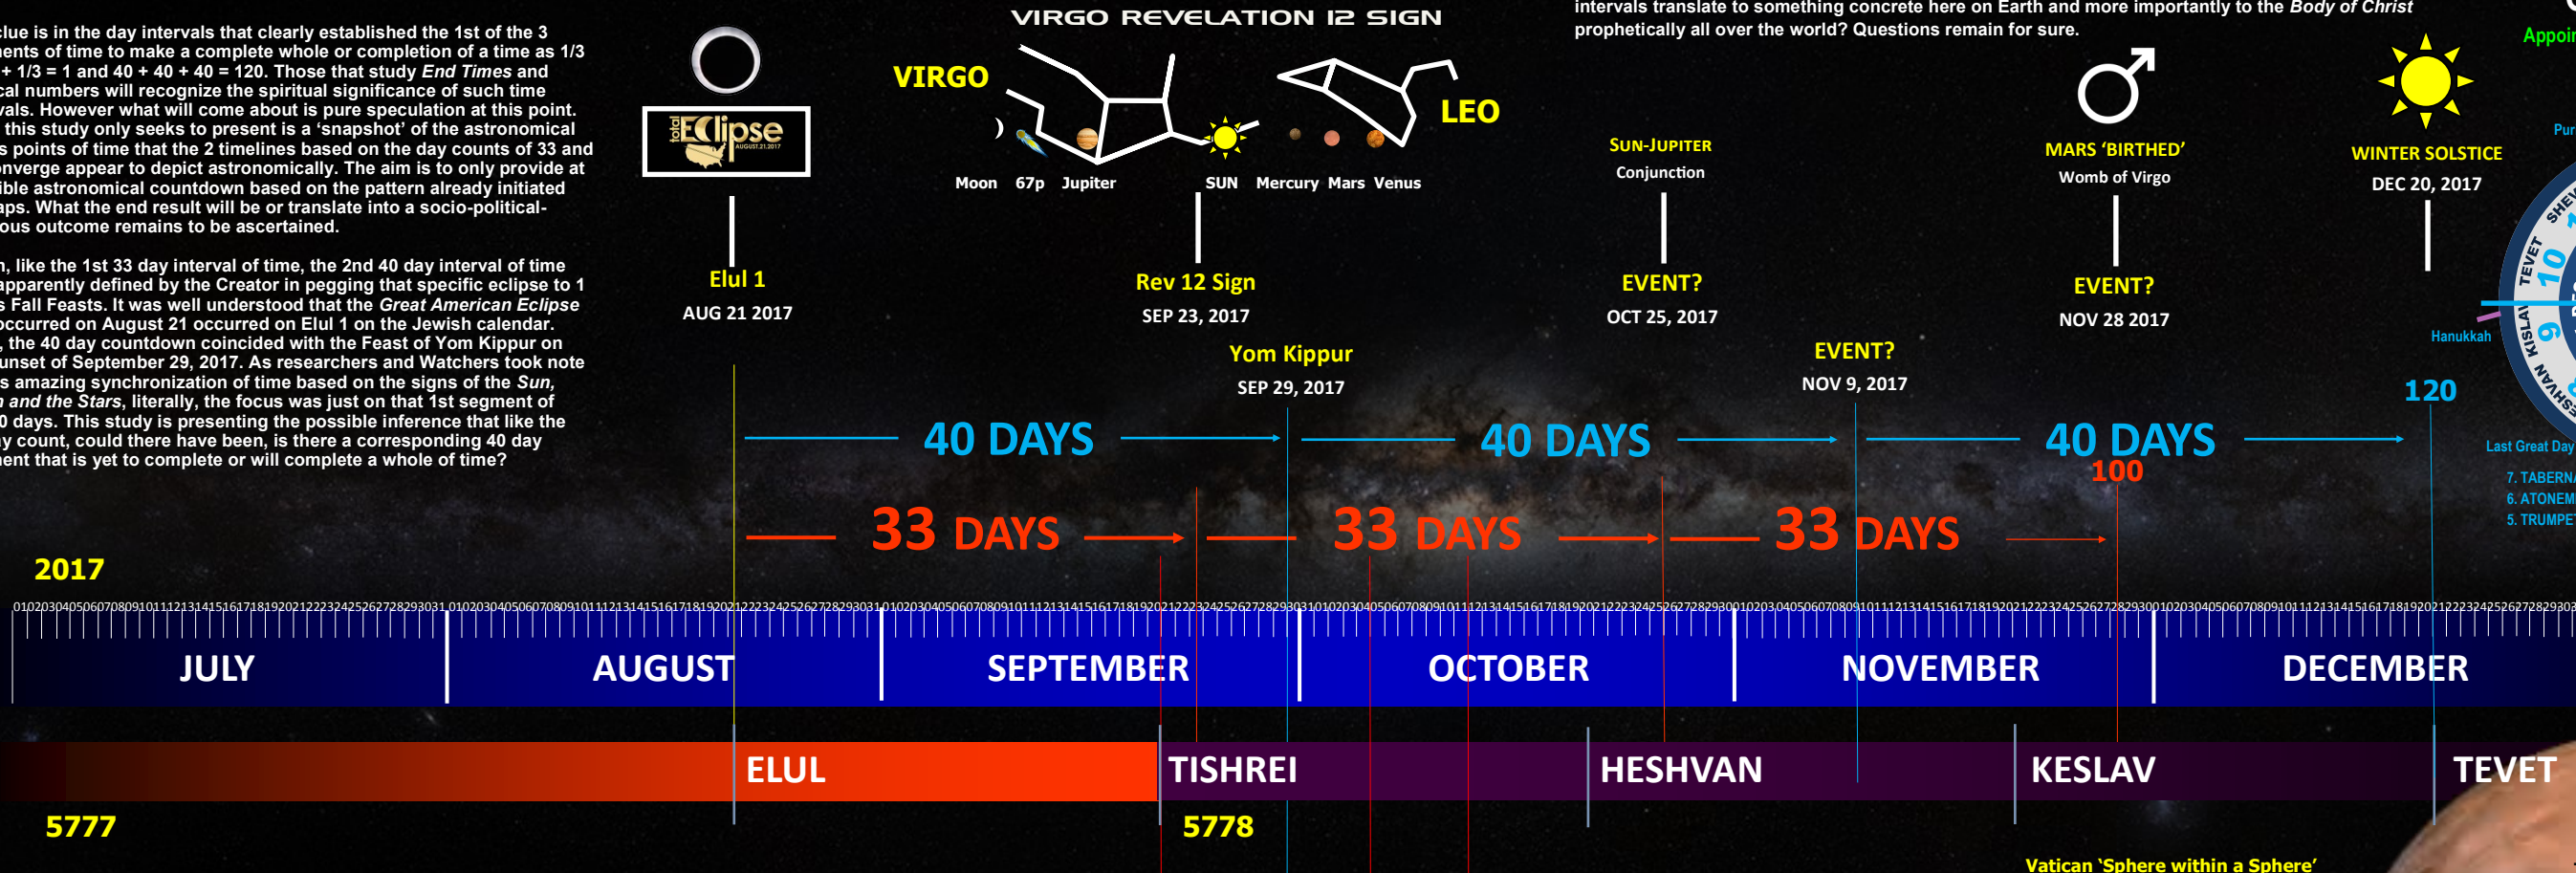

The clue is in the day intervals that clearly established the 1st of the 3 segments of time to make a complete whole or completion of a time as  $1/3 + 1/3 + 1/3 = 1$  and  $40 + 40 + 40 = 120$ . Those that study *End Times* and Biblical numbers will recognize the spiritual significance of such time intervals. However what will come about is pure speculation at this point. What this study only seeks to present is a 'snapshot' of the astronomical nexus points of time that the 2 timelines based on the day counts of 33 and 40 converge appear to depict astronomically. The aim is to only provide at possible astronomical countdown based on the pattern already initiated perhaps. What the end result will be or translate into a socio-political-religious outcome remains to be ascertained.

Again, like the 1st 33 day interval of time, the 2nd 40 day interval of time was apparently defined by the Creator in pegging that specific eclipse to 1 of His Fall Feasts. It was well understood that the *Great American Eclipse* that occurred on August 21 occurred on Elul 1 on the Jewish calendar. Thus, the 40 day countdown coincided with the Feast of Yom Kippur on the sunset of September 29, 2017. As researchers and Watchers took note of this amazing synchronization of time based on the signs of the *Sun, Moon and the Stars*, literally, the focus was just on that 1st segment of the 40 days. This study is presenting the possible inference that like the 33 day count, could there have been, is there a corresponding 40 day segment that is yet to complete or will complete a whole of time?

Perhaps it may be the case that the LORD was given, is given such a timeline that is yet to be fully realized. Given the day templates, will it nonetheless be prophetic in nature? Will such nexus of day intervals translate to something concrete here on Earth and more importantly to the *Body of Christ* prophetically all over the world? Questions remain for sure.

## CALENDAR

Appointed times for the Rehearsals.

There is the primary notion of the 120 *Jubilee Year Cycle* and a list of numerous prophetic nuances and associations. For example, Moses was 120 year when he got to the edge of the *Promised Land* to only see it from afar. According to BibleStudy.com on the meaning of Biblical number, 120 can symbolize a divinely appointed time of waiting. The number is found in *Exodus* and in the *Upper Room* when the Disciples gathered to replace Judas, etc. The number 40 generally symbolizes a period of testing, trial or probation. Perhaps this time of waiting and testing is what the LORD is currently doing to this *Last Generation*.

- TRUMPETS**  
10th Day  
New Moon
- YOM KIPPUR**  
15h Day
- SUKKOT**  
20th Day  
Full Moon
- SHEMINI TZERET**  
'8th' Day

Mathematically in phi ratio of time.  
**3 FALL FEASTS of YHVH**  
 Feasts begin the day before at Sunset.

The only observation that is evident is that as the 40 day time interval began with the Sun in the total eclipse and this 120 time of 'testing and waiting' ends with an event that pertains to the Sun. Suffice to say that those who study the *Sun, Moon and the Stars* realize the true significance of *Mars* that it is the 'Planet of War'. One cannot really go beyond that other than, again to point out that based on the solar eclipse of August 21, 2017 that most would agree was and is prophetic, the near signaling of war in some form or another is duly noted
