

Our company has published 100's of thousands of hard cover books since 1995. We are now offering our titles to hotels for their guests reading pleasure.

There is no charge to the hotel. We will supply you with 20 of one of our titles to give to your guests with children when they check in.

Your hotel would keep the books behind the desk and issue them as they check in.

They are to be returned when they check out. A very pleasant experience and a feel good service for you to offer to your guests.

We will have local advertising in the books. There is no charge for the ad., however we do charge a \$95 administration fee for ad design, proofing and printing.

We will add another title annually if you choose. If books go missing or are damaged simply give us a call and we will replace them.

The first page of the book will be customized with your hotels message to the guest. (Follows this page)
