

## Rapid Response Time

Keeping refrigeration and HVAC systems operating is vital to a business's operations. From our front desk staff to our technicians, TDI's entire team is dedicated to rapidly responding to service calls. Our dependability and 24/7 emergency service lets our customers focus on their business rather than worry about their equipment.

## Experience you can trust

Our experienced technicians are RETA and EPA certified. TDI only hires the best technicians in the business because we are obsessed with providing top-notch service. We are so confident in our work, that all repairs are backed by a parts and labor warranty. Our philosophy is to do things better than right and to always act with a strong moral compass.

## What Set Us Apart

Founded in 1999, TDI Refrigeration services industrial refrigeration and commercial HVAC systems in everything from small office buildings to massive cold storage warehouses. More than 16 years later, we've built a reputation as a trusted HVAC/R service provider with rapid response time and expert technicians.

Serving Southern California and Dallas/Fort Worth, Texas, we provide turnkey service and communicate every step of the process. Our technicians also monitor systems and present solutions to help keep them running at optimum efficiency.

Many of TDI's customers take advantage of our preventative maintenance program to help minimize breakdowns and help ensure companies attain the maximum ROI from their equipment.

## Industrial Refrigeration Services

Our name says it all: **TDI Refrigeration** knows refrigeration systems inside and out. Whether we're performing routine service or responding to an emergency call, we are the partner you can rely on for all of your refrigeration needs. Refrigeration systems are complex, with many intricate components required to work together seamlessly.

TDI's technicians are experts at servicing a variety of refrigeration systems, including:

- Ammonia, Halocarbon, and Propane Systems
- Blast Freezers
- Chillers, CO2
- Coolers
- Freezers
- Natural Gas Processing

## Servicing Major Industries

TDI services systems in a wide variety of industries. Our technicians are familiar with the nuances that vary from one industry to the next and help craft solutions to a business's exact needs. The list below contains some of the major industries that we have served.

- Aerospace
- Clean Air Rooms
- Dairy
- Fish Processing
- Food & Beverage
- Gas & Oil Fields
- Ice
- Ice Cream Manufacturing
- Pharmaceutical
- Plastics
- Poultry Processing
- Produce
- Resorts
- Server Rooms
- Vegetable
- Wineries

## Commercial HVAC

Heating, ventilation, and air conditioning consume a substantial amount of energy in commercial buildings. TDI specializes in helping to reduce energy bills by finding leaks or inefficiencies in your HVAC system. Whether we're working on rooftop units or 100-ton systems, TDI's licensed technicians perform high-quality work which exceeds our customers' expectations.

## Dedicated to Excellence

We don't like long-term contracts and we're pretty sure you don't either. Every maintenance plan TDI offers can be cancelled with just 30 days written notice. We believe in earning your trust to develop a long-term relationship. That is why many of the solutions we propose are more cost-effective than the alternative.
