

MERIT's Global Blue Chip Dividend Strategy seeks the highest risk-adjusted returns available to investors

Investment Philosophy

Employ a comprehensive investment approach integrating macroeconomic, industry & company analysis

Generate superior returns through fundamental company research & active portfolio management

Investment Strategy

Invest in blue chip industry leading companies with strong dividend yields offering compelling risk-adjusted returns

Generate strong dividend income to improve total return, reduce risk and enable continuous reinvestment

Investment Portfolio

Diversified portfolio of market leaders with strong dividend income generation from all market sectors

Active portfolio management process to allocate capital to maximize returns and reduce risk

Portfolio Companies

The Global Blue Chip Dividend Strategy has generated a high dividend yield and leading total returns since inception.
