

Join Our Coalition to Light Up Every State in Yellow

On International Holocaust Remembrance Day January 27, 2026

Empire State Building

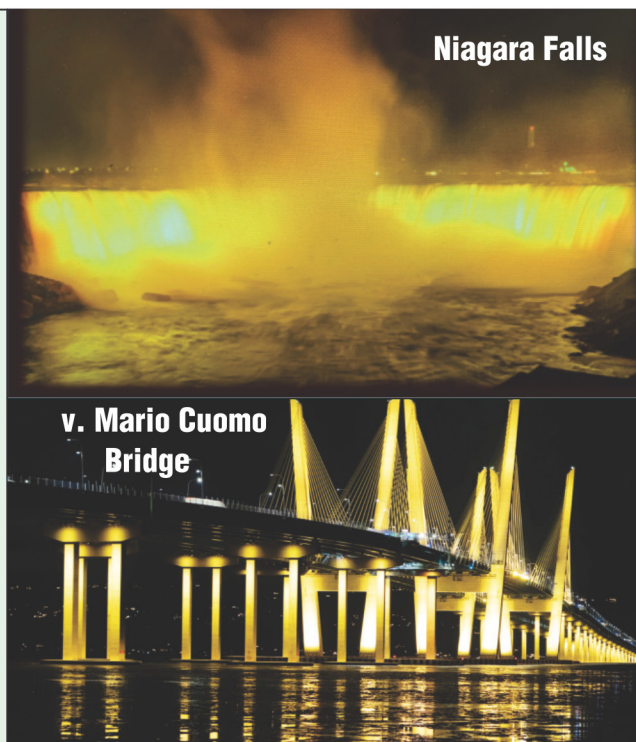

Governors, County Executives and public officials ordered landmarks, state houses and government buildings to be lit up yellow on International Holocaust Remembrance Day, to commemorate and honor the eleven million victims of the Holocaust including six million Jews and 1.5 million children.

We need you to help us shine light across America in 2026, so each and every state will do their part to stop Holocaust denial and the ignorance of history.

Join our coalition of major Jewish organizations listed below which was formed to ensure that International Holocaust Remembrance Day, established by the United Nations in 2005, accomplishes its goal so that Never Again will humanity bear silent witness to genocide.

Landmarks Lit Up:

Empire State Building; Niagara Falls; Madison Square Garden; One World Trade Center; Grand Central Terminal; State Houses in New York, Pennsylvania, New Jersey, Texas, Florida; Richmond Virginia City Hall; Executive Buildings in Nassau, Suffolk, Westchester; Travelers Tower, CT; Willis Tower, Chicago; Slifka Center, Yale; Philadelphia Airport; Subaru of America; Skydance Bridge, OK; Arkansas Supreme Court; Trenton Makes Bridge; and dozens more across 12 states.

Niagara Falls

**v. Mario Cuomo
Bridge**
