13. How to get more women/juniors to join the club and play disc golf?

Still working on this, as women players approach club, will get their feedback. Maybe hold a beginner clinic end of march?

14. Communication between board members.

Due to non-profit requirements, official communications MUST be done by email, so a record can be kept and provided if asked for.

It is also of great importance to keep each other informed of scheduling issues with the various events the board as agreed to run or help with.

15. Event requirements

Each event type has its own needs, but in general, at least 1 board member must watch/sell the club merchandise, and another board member handling membership sign ups (this need is greatest at the beginning of the year and at the end), at least one board member must handle signups/checkin (two or more is better) and at least one board member needs to handle the assignment of holes (bagtag). That's 3-5 people minimum required. During the event, at least one board member must/should watch/sell merchandise.

15. As the event finishes, at least one person must watch/sell merchandise, at least one board member must handle the counting of cards as they are turned in, (two or three is better). Then the payouts/tags must be arranged as needed by 1-2 or more board members. While the board often gets help handling the cards and such, and such help from previous board members is GREATLY appreciated, they are not always at every event, so we as the board, MUST be able to handle these tasks on our own. There is also set up and tear down of custom layouts that can take 1-2 board members to accomplish. This does NOT take into account the larger events, like the LVC (MANY helpers needed), Halloween Classic, or other venues like Boulder Creek.

- Bag Tag (need to confirm location, start times, format.pro/am.layout, FOR EACH DATE)

1. Rules changes/clarifications for 2020

1. Any CLUB MEMBER can pay EXTRA \$5 for same day payout to overall winner by division, split ties. Have aggressive payout schedule . Low participation and a LOT of extra work. Recommend discontinuing.

DISCONTUNIED FOR 2020

2. ACE pot...any CLUB MEMBER can pay EXTRA \$1 to participate. Pot capped at ????. If more than one ace hit on same round, split.

CONTINUE

3. confirm end of year payout methods, pro as if tournament (still need 7 rounds to qualify) this means higher payout for the top positions. AM payout strictly by total points divided by total dollar value.

CONTINUE

4. Confirm divisions available for bag tag...have had requests for MP60 to be added. Current divisions... M/F A40, A50, A1, A2, A3. M/F P40, P50, PO. May want to add M/F A4, also. While it may not matter much, maybe having the lower divisions for bag tag could encourage newer players to play. May also need to look at how to calculate people getting credit for changing divisions during the year (up only), if their skill level increases.

ADDing MP60, MA40+, MA4. Board to monitor possible sandbagging, If Ams need to move UP divisions during the year, their participation will be moved to next higher division with points given at the lowest amount for that event. Other options were discussed, such as handicapping.

5. pacing discussion (continue? Fee increase?)

NO CHANGES

6. (CLARIFICATION) playing Bagtag without a tag...ANY disc golf player (club member or non-member) may play along with a group at any Bagtag event. They will NOT be eligible for any payout. THEY MUST PAY THE \$1 PACING FEE

If a CLUB MEMBER does not not turn in a tag during sign-up, they will be charged \$1 AND that round will NOT count for payouts at the end of the year or for any points...FOR THAT ROUND ONLY. They are choosing to play for the fun of it and not the competition.

Replacement tags are available for club members who lose or forgot their tag at the cost of \$5.

Club members requesting replacement tags will be tracked.

Players who frequently “forget” or “lose” their tags, MAY be banned from participating in the Bagtag events for the rest of the calendar year.

7. Change back to most rounds being split between pro/am except first event Jan at MC, middle year June Sunset, and end of year Dec Sunset. This will/does allow more players overall to play, more players to play multiple rounds, less time merchandise is unattended. This worked fine in to 2019.

CONFIRMED

8. Strict enforcement of cutoff times for events. Late players create havoc and extra, unneeded delays for all other players. The only exceptions would be those who prior contact a board member or if someone who is on time is PAYING for someone who will show up in the 15 minute window between the cutoff and start. If they end up not showing up, their money could be refunded, or they could be considered DNF with no refund.

CONFIRMED

Changing up layout/rules for every bagtag to keep it more exciting...positive feed back from most club members...some of the days are already done as warmups for the next event and would count toward this goal.

CONFIRMED

Budget summary for 2019/2020

basically even right now, discs sales for the year 2019 are down (less than previous years), plus many extra discs left over from events, will order less this year, only replacing various molds as we sell out. Also , any events need to be advertised at least one month in advance, two or more months better...the TD of the event to make this happen.
