Visit one of the most fascinating countries in the world! Your journey back in time begins in Cairo, an exciting metropolis where mosques and minarets are a part of the skyline. Visit the Museum of Egyptian Antiquities that houses thousands of objects including the golden treasures of King Tutankhamun.

At nearby Giza, high on the Giza Plateau, stand before the great pyramids you have dreamed of seeing and touching. These sand colored triangles seem to rise endlessly into the sky! Nearby visit the mysterious Sphinx, guardian of the plateau and all that surrounds him.

Your 4 night Nile cruise will be aboard one of the most luxurious of cruise boats. All cabins have private bath, air conditioning and a large picture window. Cruising the Nile gives you the opportunity to see the perpetual green fields that border the Nile, many still farmed as they were thousands of years ago, and to visit the great temples at **Aswan, Kom-Ombo, Edfu and Luxor.** **Shore excursions and all meals are included on the Nile cruise.**

In **Aswan**, an afternoon to rest, relax and have a swim at your hotel overlooking the Nile before an optional excursion the next morning to Abu Simbel to visit the great temple masterpieces created by Ramses II for him and his favorite wife, Nefertari.

**In Cairo, enjoy dinner in a lovely private home with an English speaking Egyptian family, a tour highlight.**

**Our Egyptologist, Romani**, will accompany us throughout the tour, share his knowledge and provide continuity as we travel throughout the country. Our small groups insure you will hear his every word.

The city of Luxor stretches along the east bank of the Nile and is home to two of the greatest historical sites in the world. The Temple of Luxor, set beside the Nile, is one of the most beguiling of all Egypt's pharonic monuments. It is approached by the Avenue of Sphinxes, which at one time in history went all the way to Karnak, 2 miles north. Originally raised by Amenhotep III (R.1390 - 1352 B.C.) Ramses II added huge statues of himself. It has a wealth of reliefs and an air of serenity. Nearby is the Temple of Karnak, and to the ancient Egyptian it was The Most Perfect of Places. Within the dizzying hypostyle hall stand 134 columns roughly 50 feet high and it takes six men with their arms outstretched to circle one column. Once again you feel the ancient aura of Egypt.
