## SHORT SUMMARY

Torbot Group Inc. has over 34 years of product expertise manufacturing custom vascular and burn compression garments, ostomy appliances, skin care products and medical device accessories.

## CORE COMPETENCIES

- Ostomy devices and Compression garments are customized to fit your patient's individual needs.
- Compression garments are available in numerous sizes and fits for any body part, shape, or style. Custom Jobskin™ Burn and Torbot Vascular garments are laser cut on our unique cutter which offers the highest accuracy, superior delivery, plus heat sealed fabric edges to reduce fraying.
- Design and manufacturing completed on-site in the USA enables prompt delivery turnaround.
- Unique line of skin care products many designed to assist difficult to pouch ostomy patients.
- Manufacturer of Skin Tac™ Adhesive Barrier Wipes and TacAway® Adhesive Remover Wipes.
- Economical alternatives available for Ostomy, Urostomy, accessories and cleaningsupplies.

## PAST PERFORMANCES

- Supplies ostomy and ancillary products to approximately 70 VA's across the country via credit card purchases.
- Sole supplier of Jobskin™ burn garments to multiple major hospital burn centers.
- Contract supplier to major distributors including Cardinal Health, Owens & Minor, McKesson, Medline, Medtronic, and Animas division of Johnson & Johnson.

## DIFFERENTIATOR

Experience - Over 34 years' success in Ostomy and Custom Compression garment manufacturing  
 Teamwork - We work with you to ensure successful results for your patients providing ongoing support/training.  
 Thorough - Comprehensive procedures ensure standard, high quality work on every order.  
 Innovative - Sole integrator of "Glideware™" in compression garments. "Glideware™" is a patented friction management textile for use in key areas to reduce friction and enhance comfort/compliance of difficult to heal areas like elbows.

## COMPANY DATA

Torbot operates out of 2 locations employing 40 people with an average longevity of 20 years. Our experienced staff manufactures and distributes a wide variety of Skin-Tac™, Tac-Away, Ostomy Appliances, Skin Care Products, and Compression Garments for Lymphedema, Vascular and Burn patients.

CVE verified as a Service Disabled Veteran Owned Small Business (SDVOSB).
