Notice to Exhibitors

This is a self-cleaning show – please pick up after your dogs and keep your grooming space clean!

Our 2025 logo Creator

Eden Neville is a student of the arts and music at Queen Creek High School in Arizona. Eden has always had Basenjis in her life and today has a two-year-old Basenji named Billy. On the weekend, you may find her playing piano or guitar, fishing, blacksmithing, or just loving on Billy.

SEMINARS/ACTIVITIES

Valley Fever Seminar – Dr Lisa Shubitz, Research Scientist at the UA Valley Fever Center for Excellence, will give a Valley Fever seminar on **Monday 11/10/25 at 1:30 PM** at the Event Center Rincon room. The pernicious disease was once thought to be only in the southwestern desert; it has now spread through Arizona to California, parts of Washington, Nevada, Utah, Colorado, New Mexico, and Texas. Dr. Shubitz will discuss how the disease presents itself, treatment plans, and long-term prognosis.

Thyroid and DNA Testing - The BCOA Health Endowment Fund will be sponsoring free thyroid and DNA testing clinics on **Monday 11/10/25 at 3:30pm** and **Wednesday 11/12/25 at 4pm** at the Event Center patio. We are looking for vet techs who would be able to assist with this clinic. Please contact Jon Curby at jcurby@offa.org or Theresa Tuttle at sundancerlabs@gmail.com for more information and to volunteer. More information coming soon, check the website for details - <https://nationalspecialty.basenji.org>

DOGS LEFT IN PARKED CARS

In the event that it becomes necessary to rescue an animal from a parked car on the show grounds or parking areas immediately surrounding the show grounds the following entities will not be held liable for any damages incurred as a result of rescuing the animal: the Club, the Show Secretary, the Kino Sports Complex, or any representatives of these entities. Furthermore, if the rescue has to be performed by virtue of negligence, the owner, agent or any other person responsible for the rescued animal WILL be subjected to a Bench Show Hearing, as approved by the rules of the AKC, and possible prosecution from local law enforcement.

*Bev
Bland*

Brushy Run Basenjis

Beverly Bland & her future husband, Glenn, were born & raised in the “hollers” of the Appalachian foothills in West Virginia, one of which became her kennel name, “Brushy Run.” After graduating from high school, they became engaged and then married. Glenn enlisted in the Air Force in 1948, and they were stationed in several U.S. locations. Their next-to-last station was in Alaska, where Beverly acquired her first Basenji in 1962 and began her breeding program. They and their 3 boys survived the Great Alaska Earthquake of 1964. Glenn’s last duty station was at Luke AFB in Arizona, where he retired after serving for 20 years.

It was during these years that many Basenjis were affected by a mysterious illness, then called Hemolytic Anemia (HA), which resulted in death at a young age, to include one of Bev’s puppies from her first domestic litter. Elsewhere in the breed, the illness would occur randomly, a few in some litters, none in others, and yet others resulted in the loss of an entire litter within their first year. Dr. Gene Searcy in Canada had developed a test for HA but could not offer it to the breed fancy until he could prove its accuracy. With a heavy heart, Bev repeated the breeding and provided Dr. Searcy with two HA-affected puppies, with the hope of benefitting the future of the breed.

Up to that point no HA-affected female pups had survived long enough to produce a litter. These two girls produced ten HA-affected puppies which allowed Dr. Searcy to prove his test was accurate, and offer the test to all Basenji breeders. It was due to this litter that Basenjis could be tested, and carriers and afflicted Basenjis could be avoided for potential breeding. Bev's decision to part with her beloved dogs is one of the primary reasons why HA is no longer a problem for Basenjis around the world.

Throughout the rest of her breeding career, Beverly continued to test all of her breeding stock and their progeny. Over the years, her puppies were treasured for their lack of health problems and calm temperament across the country and in many foreign countries. Bev acquired a full African brindle pup from Wilma Bauer in 1990, and named her Avongara Mwanzoni (Zoni). She saw Zoni's potential, had her tested for all known health issues, and began incorporating Zoni in her breeding program. Along the way, Beverly acquired an immense knowledge of genetics and hereditary information for her program. One of her puppies became the first full-African to achieve a CDX degree from the AKC. Unfortunately, around 2015, Bev and her husband began to have a series of health problems and her breeding program essentially ended. She and her contributions will be sorely missed by the Basenji community.

Carol Webb

Kazor Basenjjs

In 1962, Carol read a story in the Los Angeles Times about a new breed of dog from Africa, which was said to be the perfect house dog with good temperaments and very trainable, so the story said. There was a phone number in the article of the kennel and the owner, Cambria Kennels, the owners Bob Mankey and George Dunn. She called the number, introduced her interest and scheduled a meeting. A week or so later she had her "Mut" named for the Egyptian goddess of motherhood—she became CH. Cambria's Zohra. Carol always wanted to show dogs and her dream came true even though she had 5 young sons at the time. That one puppy would be the start of a 60-year journey. She was very successful at her breeding program and the champions she produced. Someone once said Carol has over 300 champions she was fortunate to have breed or co-breed. We can't forget BIS CH Grandquest Kazor's Motumbo Xequemate, who has achieved what no other hound has ever achieved in Hawaii: 6 best in shows and top dog all breed in Hawaii for 2 years, all owner handled. There was also BIS BISS CH Kazor Bay-Senji Yuhara Natural "MJ" winning 4 best in shows. Almost every basenji alive today has some Kazor basenji blood found in its pedigree.

Carol showed dogs right up to her 82nd birthday, but the following Thanksgiving she had a stroke, ending her show abilities. During this time, she would attend and watch and support the efforts of others, as most of them showing were of her stock. Her son Brian moved in with his parents, and in the beginning it was all about James (Jim), Carole's husband, as he needed the most attention. When James passed, Carol was lost, her world was getting smaller, so her son Brian volunteered to take her to shows to be with her friends; she became healthier and her spirit improved.

In January 2016, Carol and Brian went to visit Stella Sapios to check out her two litters of puppies, evaluate, and take pictures. Carol expressed how much she loved that one tri boy, but couldn't afford to buy him at the present time. Stella, being the kindest person said, "You can have him, raise him, and train him to show." and Stella would show him in the ring. Carol and Stella would co-own and have both kennel name on this tri boy now know as "Astarte's Sir Tristan with Pips at Kazor". Brian was put into the ring to show Tristan and did a fabulous job starting Brian and Tristan and an unexpected journey of dog showing began. Carol was very, very proud of Brian and Tristan's achievements. It made her last days at the show grounds exciting for her friends. Carol loved everything dog, her house was filled with pictures, trophies, ribbons, statues and thousands of trinkets.

A little information regarding the kennel name Kazor: it's a combination of Carol and Zohara (her first basenji) with the C changed to K to make it look more African. Carol always said she had the best friends and felt lucky to have known them. Carol was involved in many Basenji clubs: Basenji Club of America (BCOA), Southern California Basenji Club, South Coast Basenji Fanciers, and Copper State Basenji Club. She is so dearly missed by all and will always be in our heart.

Official Standard for the Basenji

General Appearance: The Basenji is a small, short haired hunting dog from Africa. It is short backed and lightly built, appearing high on the leg compared to its length. The wrinkled head is proudly carried on a well arched neck and the tail is set high and curled. Elegant and graceful, the whole demeanor is one of poise and inquiring alertness. The balanced structure and the smooth musculature enable it to move with ease and agility. The Basenji hunts by both sight and scent. Characteristics-The Basenji should not bark but is not mute. The wrinkled forehead, tightly curled tail and swift, effortless gait (resembling a racehorse trotting full out) are typical of the breed. Faults-Any departure from the following points must be considered a fault, and the seriousness with which the fault is regarded is to be in exact proportion to its degree.

Size, Proportion, Substance: Ideal height for dogs is 17 inches and bitches 16 inches. Dogs 17 inches and bitches 16 inches from front of chest to point of buttocks. Approximate weight for dogs, 24 pounds and bitches, 22 pounds. Lightly built within this height to weight ratio.

Head: The *head* is proudly carried. *Eyes*-Dark hazel to dark brown, almond shaped, obliquely set and farseeing. Rims dark. *Ears*-Small, erect and slightly hooded, of fine texture and set well forward on top of head. The skull is flat, well chiseled and of medium width, tapering toward the eyes. The foreface tapers from eye to muzzle with a perceptible stop. *Muzzle* shorter than skull, neither coarse nor snipy, but with rounded cushions. Wrinkles appear upon the forehead when ears are erect, and are fine and profuse. Side wrinkles are desirable, but should never be exaggerated into dewlap. Wrinkles are most noticeable in puppies, and because of lack of shadowing, less noticeable in blacks, tricolors and brindles. Nose-Black greatly desired. Teeth-Evenly aligned with a scissors *bite*.

Neck, Topline, Body: *Neck* of good length, well crested and slightly full at base of throat. Well set into shoulders. *Topline*-Back level. *Body*-Balanced with a short back, short coupled and ending in a definite waist. Ribs moderately sprung, deep to elbows and oval. Slight forechest in front of point of shoulder. Chest of medium width. *Tail* is set high on topline, bends acutely forward and lies well curled over to either side.

Forequarters: Shoulders moderately laid back. Shoulder blade and upper arm of approximately equal length. Elbows tucked firmly against brisket. Legs straight with clean fine bone, long forearm and well defined sinews. Pasterns of good length, strong and flexible. Feet-Small, oval and compact with thick pads and well arched toes. Dewclaws are usually removed.

Hindquarters: Medium width, strong and muscular, hocks well let down and turned neither in nor out, with long second thighs and moderately bent stifles. Feet-Same as in "Forequarters."

Coat and Color: Coat short and fine. Skin very pliant. Color-Chestnut red; pure black; tricolor (pure black and chestnut red); or brindle (black stripes on a background of chestnut red); all with white feet, chest and tail tip. White legs, blaze and collar optional. The amount of white should never predominate over primary color. Color and markings should be rich, clear and well-defined, with a distinct line of demarcation between the black and red of tricolors and the stripes of brindles.

Gait: Swift, tireless trot. Stride is long, smooth, effortless and the topline remains level. Coming and going, the straight column of bones from shoulder joint to foot and from hip joint to pad remains unbroken, converging toward the centerline under the body. The faster the trot, the greater the convergence.

Temperament: An intelligent, independent, but affectionate and alert breed. Can be aloof with strangers.

AMERICAN
KENNEL CLUB®

AKC® Code of Sportsmanship and Civility

Preface: The tradition of competitive purebred dog events predates 1884—the year the American Kennel Club (AKC®) was founded. Those involved in these sports share core values, including a strong commitment to sportsmanship and a welcoming, respectful culture that embraces the diverse community united by a love of dogs.

These values are evident across all aspects of the sport: conformation, performance, companion, and family dog activities. Many believe that the enduring principles of sportsmanship and civility are key reasons the sport has thrived for over 140 years.

Recognizing that periodically reaffirming our shared values strengthens our community, the revised code will be shared widely to highlight the foundational values and principles that define the sport.

- Sportspeople always place the welfare of their dog above all else.
- Sportspeople prioritize the long-term health and preservation of their breed, making decisions that reflect a deep commitment to responsible breeding and ownership.
- Sportspeople respect the history, traditions and integrity of the sport of purebred dogs.
- Sportspeople conduct themselves in a manner that reflects positively on the sport, the American Kennel Club, and themselves.
- Sportspeople appreciate, encourage and support all who associate with and participate in the sports by fostering an environment where respect, equity, inclusion, and courtesy are foundational.
- Sportspeople understand, uphold and abide by all AKC bylaws, rules, regulations and policies.
- Sportspeople contribute to a positive atmosphere at events by avoiding negative gossip, disparagement, or unsportsmanlike behavior.
- Sportspeople extend their values of civility, fairness, and respect to all digital and social media platforms.
- Sportspeople actively support the education and mentorship of newcomers, helping them learn the rules, values, and traditions of the sport in a respectful way.
- Sportspeople recognize that they are role models in the sport, and strive to lead by example through humility, kindness, and ethical conduct.
- Sportspeople treat fellow exhibitors, judges, officials, volunteers, spectators, and AKC staff with dignity and respect, regardless of experience, background, or differences in opinion.
- Sportspeople are committed to fair play, honesty, courtesy, and competition, approaching both winning and losing with grace.
- Sportspeople understand that strong competition and civility can—and should—coexist. They appreciate the quality of their competitors, and the effort put forth by others.
- Sportspeople uphold their responsibilities to the sport of purebred dogs and refuse to let personal gain or self-interest influence their decisions or behavior.
- The sportsperson judges only on the merits of the dogs and considers no other factors.
- The sportsperson judge or exhibitor accepts constructive criticism.
- The sportsperson exhibitor declines to enter or exhibit under a judge where it might reasonably appear that the judge's placements could be based on something other than the merits of the dogs.
- The sportsperson exhibitor refuses to compromise the impartiality of a judge.
- Sportspeople are willing to share honest and open appraisals of both the strengths and weaknesses of their breeding stock.
- Sportspeople decline to exploit any positions of authority or recognition for personal advantage.
- Sportspeople appreciate those that have gone before them and realize they are responsible for maintaining and enhancing the sport for future generations.
