Event Description

Green is Good Mixer/Expo Flyer: [Click Here](#)

Why You Should Be There!

Green is good for business, for our community, for everyone. This event brings together area businesses involving vendors from a multiplicity of energy and environmental specialties.

Join us!

- Identify specific actions you and your business can take to become more green.
- Discover green products and services to help you in your efforts.
- Meet folks who are working hard on your behalf to create a greener future.
- Network with businesses who share a commitment to work towards environmental solutions.
- Bring your electronics for recycling! *Hilltop Consulting* will collect computer electronics for recycling so bring your old CPUs, laptops, monitors, printers, etc. -- and dispose of them responsibly and environmentally.

Special Presentations:

"Be Green by Measuring Up to Metrics-Based Energy and Environmental Standards"

presented by

Lawrence A. Kogan, Esq

founder of the ITSSD- Institute for Trade Standards and Sustainable
Development

"Opportunities for Environmental Community Action"
presented by Amy Gould and the Fairfax County Restoration Project
