

Dear Friend,

Dinner in the Meadow is an annual farm-to-table fundraiser that benefits the Leonard-Mobley Small Farms Fund (LMSFF), a nonprofit established in 2014, to help small farms in and around Franklin County. This year we celebrate our sixth year showcasing local food products prepared by celebrated Triangle chefs, and features North Carolina products for auction. Although ticket sales and auction items contribute to our efforts, we still need the support of sponsors like you if we want to expand our efforts.

Because of the success of this event, we have been able to award much-needed grants to encourage and support the growth of small farms. Your sponsorship will help us continue to provide critical financial support that will allow small farmers to invest in the tools they need to grow their businesses, be it new equipment, adding new and different products, continuing education or growing their electronic footprint. These grants are allowing them access to opportunities for growth and resources that they might not otherwise see.

Where our food comes from is important and farming impacts everyone. We feel that by helping the small, local farmer, we can directly impact their success, and in return, impact the community they serve. We hope you will be our partner and join us for a beautiful evening of great food, entertainment and celebration of small farms!
