17-17-17 Bulk or 50# Bag
10-10-10 Bulk or 50# Bag
Lime Chips Bulk
AMS- ammonium sulfate Bulk
Sulfur 50# Bag
Boron 50# Bag

We also stock Contain and Prevent. Contain is a nitrogen stabilizer with two modes of action to protect from volatilization and also from leaching and denitrification. Prevent is a product added to phosphorus fertilizers to prevent tie up in the soil. It works in the soil and as a byproduct will release more ammonia from the soil, not just coatings like some other products on the market.

43560 sq ft = acre

LAWN - 4 Step Process

- Step 1. April-June** (depending on soil temperature)
Apply **Award w/Dimension** Crabgrass Control, lasts up to 120 days, works up to 3 weeks post emergence.
- Step 2. May-June & Aug-Sept** (when temperature is between 68-80° F)
Apply **Award w/Trimec** (post emergent for broadleaf weed control) or **Award w/Q3** (post emergent control of Crabgrass and Broadleaf) or **Viper** (post emergent for tough creeping weed control) - Best control when grass is moist. Avoid mowing & watering or rain for 48 hours. Skip this step for new lawns.
- Step 3. June-August**
Apply turf food **10-10-10** or **Delong Turf Food Fertilizer**. When temperatures exceed 85° F, cut rate by ½. *Can additionally apply **Award w/Merit** for grub control in August.*
- Step 4. September & October**
Apply Turf Food & Turf Builder for greener lawn. Winter or fall fertilizer (**Winterizer 24-0-10**) for cool season grasses.
- NEW Seeding** - Use 20-12-8 Seed Starter fertilizer. It will give your lawn a great jump start and GREEN grass.
