OUR HISTORY

Established in 1966, **the Duffy & Lee Carpet Company** has earned a widely recognized reputation of superior quality and unequalled expertise in the commercial flooring industry. Our company began as an installation only service supplier. This changed quickly, as Manufacturers sought us out, from learning about our quality, they chose to have Duffy & Lee represent & service their flooring finishes. **The Duffy & Lee Carpet Company** knows that quality installations are the key component in a successful flooring project. We are proud to be a woman owned company, three sisters, all with decades of experience in the commercial flooring industry.

The Duffy & Lee Carpet Company services both central and southern Florida from our Lakeland and Fort Lauderdale locations. Our knowledge of carpeting and flooring requirements has allowed us to form strong relationships with suppliers. We work very closely with commercial carpet manufacturers, architects, designers, contractors and other professionals within the commercial construction industry.

At **The Duffy & Lee Carpet Company**, our Quality installation is what we are known for. Our craftspeople are some of the best in our industry. When you need a consistent hard working team on your projects, we are that team! Everyone here is a 100% In-House employee; we never use piece or sub-workers. The majority of our team has been with us for DECADES!

The Duffy & Lee Carpet Company can handle projects of all sizes and scopes. We are as comfortable with a single custom area rug, as we are with multi story venues. We are up to date with the financial side of business too, with bonds, licensing and insurance. We have the financial strength and capabilities to complete projects of great values and demands. We have been providing our clients with the very best quality and service possible for over fifty years.

All materials are delivered in our OWN fleet of delivery vehicles, with long bed Ford Transit commercial Vans. This ensures on-time delivery and the proper care and transport of the materials being used for your projects.

The Duffy & Lee Carpet Company is an active member of Starnet® Worldwide Flooring Partnership. Starnet® is comprised of over 165 independently owned full-service commercial flooring contractors representing more than 300 locations throughout North America. With \$3 billion in annual sales, Starnet® is the single most influential force in the contract flooring industry.

We are confident that you will be delighted with the level of service you will receive from **The Duffy & Lee Carpet Company**. Our family integrity & values, our quality services, and our professional and talented team members are the foundation of Our Company. We welcome the opportunity to serve you the first time and every time after that.
