### **June 25- June 29 Dance**

In this camp the children will learn do dance to the beat of music and will perform what they learned during the week for the parents. The parents will be notified of the day and time of the performance.

### **July 2- July 6 Music and Art**

This art camp is sure to unleash your child's creative imagination. At this camp, the children learn activities from Music and Art that are fun. Create art /crafts from natural objects, beads and recycled materials. The children will make their own US flag to celebrate Independence Day on July 4th.

### **July 9-13 Taekwondo**

This week the children are sure to have tons of fun and moving around. This camp will improve their strength, coordination, and athletic abilities. They will also develop their self-confidence by having taekwondo lessons daily.

### **July 16-20 Soccer**

In this camp, the children will be introduced to team dynamics, improve physical development through fun activities. This camp will expose your child to the fun of soccer and will provide the needed foundation to get started in the sport.

## **July 23-27 Science**

Making Sense of our Senses: Join us as we explore our 5 senses; sight, sound, taste, touch and smell. We will learn how our senses are used to explore the world around us. Activities include, cooking (flameless), creating science experiments, gardening, and water days, along with fun arts & crafts.

## **July 30-August 3 Cooking**

Spend a week of cooking and eating your own creation! During this week, the children will practice essential kitchen skills of cooking. They will enjoy working with their classmates while learning to cook.

## Splash Day on Fridays

---

The children will have water play every Friday. They will have to bring swimsuit and a change of clothes.
