

# TOWN OF SUMMERTON

10 MAIN STREET / PO BOX 279  
SUMMERTON, SC 29148  
803-485-2525 x 1  
Fax 803-574-3200

---

May 5, 2021

The Town of Summerton has performed many tests on the water system at Sigfield and Goat Island. Routine sampling sites have all come back negative for total coliform and bacteria.

SCDHEC is requiring the Sigfield and Goat Island systems to remain under the boil water advisor until the water storage tank is replaced.

We are working with the engineers and DHEC on expediting this process to make the repairs to the tank.

We will update you on the next steps that will be taken when all permits have been issued from DHEC

Jay Kates  
Water / Wastewater Operator
