

Presented by  | 

Company Name: AeroBarrier of Western North Carolina

Speaker: Eric Schilling

Presentation Title: AIR SEALING - Living Healthy,
Comfortably & Efficiently

Eric Schilling has been in the building products and services industry for 2 years helping builders and home owners make choices on the products that best serve their home build or remodel. Eric received his MBA from Western Carolina University and before that worked as an Electrical Journeyman's Assistant while getting his undergraduate degree. He currently serves on the Board of Directors for the Green Built Alliance, which is a non-profit focused on carbon reduction and green building practices.
