

G.E.R. – TEST OUT

****Instructions****

- Open Therap
- Click on Settings Tab
- Select **On** under Test Mode – Please make sure that you are in Test Mode before continuing to fill out a GER!!! The background will turn YELLOW and you will see  **Test Mode** at the top of the page. This will tell you that you are safe and secure in Test Mode.
- Click on the Individual Tab
- Click **New** under General Event Report
- Select and click on **Jane Doe**
- Click on Jane Doe once more and proceed on to filling out the GER by following the scenario below.
- After you are finished filling out all required areas in the GER, click **Submit**.
- Click on the Settings Tab
- Select **Off** under Test Mode – Your screen will go back to the light blue indicating that you are no longer in Test Mode.
- Please send a scomm to Melissa Smith and Wendy Cranford to notify that you have completed the GER in Test Mode.

****General Event Report – Scenario****

Clients: Jane Doe and Sam Maman – **Please write the GER for Jane only**

Jane is walking to the car with you from the Adams County Fair. She becomes upset because Sam Maman (other client) took her cotton candy and threw it in a puddle of water. You do not see this happen because you are watching for cars in the parking lot...Duh. Sam begins to laugh that the cotton candy is disintegrating in the water. Jane, who is tracked for verbal (not physical) aggression, begins to yell at Sam “Asshole. I hate you”. Jane then grabs Sam by his hair and pulls him to the ground. She begins to yell at Sam to eat the cotton candy. You intervene by prompting Jane to let him go and she does. At that time you notice that her right pointer finger has a pretty big gash.

You then... Please add your creative ending to this saga.
