LOCAL GOVERNMENT

May municipalities prohibit cannabis establishments within their boundaries?

- Yes. A municipality may enact ordinances to prohibit or significantly limit an adult-use cannabis business establishment's location.
- While adult-use cannabis business establishments may be prohibited, the Illinois Medical Cannabis Program Act specifically provides that medical cannabis dispensing organizations may not be prohibited within municipal boundaries. May municipalities and other units of local government regulate cannabis establishments within their boundaries?

- A municipality may exert extra territorial zoning authority in the unincorporated area within one and one half miles of its corporate limits through the adoption of a comprehensive plan and zoning for that area pursuant to 65 ILCS 5/11-13-1. The municipal ordinances would control that area absent a county zoning ordinance, or another municipality with zoning already in place.

- These distance restrictions are different than those originally imposed by the Illinois Medical Cannabis Program Act. Under the Medical Cannabis Program Act, registered cultivation centers could not locate within 2,500 feet of the property line of a pre-existing public or private preschool or elementary or secondary school or day care center, day care home, group day care home, part day child care facility or an area zoned for residential use (410 ILCS 130/105(c)) and registered dispensing organizations could not locate within 1,000 feet of the property line of a pre-existing public or private preschool or elementary or secondary school or day care center, day care home, group day care home, or part day child care facility or be located in a house, apartment, condominium, or an area zoned for residential use (410 ILCS 130/130(d)). May municipalities and other units of local government fine or penalize cannabis establishments for violation of local zoning regulations?
