

THE REALM OF THE BEAST

THE LAST LUCIFERIAN MASONIC EMPIRE

The purpose of this illustration is to suggest that the geo-political, economic and religious domain of the coming evil Masonic Empire of Lucifer's AntiChrist will comprise the last rendition of the Roman Empire centered around the Mediterranean. The illustration will show that even the topography of this realm approximates the anthropomorphic dimensions of the Vitruvian Man of Da Vinci. The scale appears to correspond to the pattern of the King of Babylon's dream of the Statue of 4 elements destroyed by a 'Rock' at the base of the Statue. This Rock from Heaven, aka, Jesus Christ will come when the last rendition of the last Beast Empire has a 10 Nation confederation ruling the known world and especially has dealing with the Temple of YHVH. Upon the superimposition of the Vitruvian Man, the following observations are noted. The 1st 2 Empires of Babylon and Medo-Persia are to the right of Jerusalem while the Grecian and Roman ones are to the left. This left-right sectioning is in a phi ratio. A ley-line from London t Jerusalem approximates the angle of the extended 'leg' of the Vitruvian Pattern. This same pattern construes the waterways leading to Jerusalem from the Pillars of Hercules. Such entry points constitutes 'gates' that suggest how Heaven is perhaps also laid-out as was Paradise on Earth before the Fall of Adam and Eve. This same patter 'mirrors' then also the Cosmos with the Golden Gate, that being associated with Ophiuchus and then the Silver Gate with Orion at each end.

THE ROCK OF OFFENSE
 It will be during this evil Luciferian Masonic Empire that the world leader, the 'Prometheus' of Lucifer which the Bible called the AntiChrist will be judged by the 7-fold Seal Judgments of the Lamb of GOD, Jesus Christ that will come a 2nd time. He is the Lion of the Jewish Tribe of Judah that was worthy as a man to 'take the Scroll and break the Seals thereof' to then condemn Lucifer and his hosts to eternal damnation; a mere mortal in which a Body was prepared for Him made a little lower than the Angles was to vanquish the mighty Angelic Lucifer. Jesus will come 'crushing' Lucifer's head as a 'Stone' the echoes the Genesis 3:15 Proto-Evangelium.

The Rock of Gibraltar was one of the two Pillars of Hercules and was known to the Romans as Mons Calpe, the other pillar being Mons Abyla or Jebel Musa on the African side of the Strait. In ancient times, the 2 points marked the limit to the known world, a myth that was said to originally fostered by the Greeks and Phoenicians.

The coming evil Luciferian Masonic Empire will be Masonic only in the sense that the current and prior ones have been dully orchestrated by such and have been involved in either the destruction and/or building of the Temples of the LORD in Jerusalem. However, these are the very ones the Bible exposes as being the 'Builders that rejected the true Stone', the Rock which is Christ Jesus—the true Light of the World.
