## DENTAL TECHNOLOGIES

### TRADE OLD FOR NEW WITH PDT'S

# EARTHCARE™

Our craftspeople selectively choose and then recondition any salvageable instruments sent to the PDT EarthCare™ program to donate to non-profit organizations and missions worldwide!

What can't be donated, PDT recycles to reduce waste.

more than  
400 missions  
per year  
world wide

-  **Send a qualifying invoice showing the purchase of 10 PDT instruments**
-  **Send us 100 used hand instruments**
-  **Pick your gift of two new instruments from our top-10 sellers**

#### Guidelines:

1. Due to emissions created by multiple shipments, **PDT will only accept up to two EarthCare™ exchanges per year.**
2. To receive your free gift, please send completed recycling form and qualifying invoice with your used instruments, and select your instruments of choice from our top-10 sellers.
3. A qualifying invoice may be used only once, and must show the purchase of at least 10 PDT instruments.
4. Please include a minimum of 100 recycled instruments per submission.
5. All returned instruments must be heat-sterilized and cleaned of debris prior to shipping

**please keep our team and postal carriers safe**

*\*The packaging should keep the instruments from poking through. If the instruments are not secured properly, they may protrude out of the package and cause harm to the postal workers. Please keep in mind postal workers may file a legal complaint against the sender of any package that may cause them harm.*
