

HEATING OIL & PROPANE

Automatic Delivery Application

Our advanced computer software monitors your fuel usage based on high and low daily temperatures and schedules a delivery when your tank is approximately half full.

Automatic delivery is designed for customer convenience. Due to variations in customer use we cannot guarantee that you will never run out of fuel, however we will make our best effort to ensure you do not run out of fuel.

In the event that you do happen to run out of fuel we will deliver to you as soon as possible.

Once your credit application is approved your account will be placed on the 10 Day Payment Plan.

10 Day Payment Plan: If your fuel bill is paid within 10 days you may deduct \$0.10 from the price per gallon billed on the delivery slip. If your fuel bill is paid after 10 days the price per gallon billed on the delivery slip stands and all balances must be paid within 30 days. An automatic delivery will not be scheduled if there is a balance on your account.

If your balance is not paid within 30 days your credit card provided on this document will be charged for the full amount due. A credit card is required for application submission.

Customer and Delivery Information

Full Name: _____

Home Phone: _____ Cell Phone: _____ Work Phone: _____
