*'If a trumpet is blown in a city will not the people tremble? If a calamity occurs in a city has not the LORD done it? Surely the Lord GOD does nothing Unless He reveals His secret counsel to His servants the prophets. A lion has roared! Who will not fear? The Lord GOD has spoken! Who can but prophesy?... - Amos 3 6-8*

The purpose of this study it so reveals certain secrets of the Washington Masonic Memorial complex layout that is incorporated in a park outside Washington DC. From a top view the Memorial can be seen as following the approximate layout of several encrypted Luciferian signature symbols. These demonic symbols are superimposed on each other and include a chalice, a spider, an owl, a serpent that are all interwoven within the Great Pyramid of Giza pattern. Why the Great Pyramid is often used by the Luciferians on one level of application is that it is a holy 'Altar of YHVH' as depicted and inferenced in Isaiah 19:19. The occultic Luciferian innuendos and symbols are hidden in plain sight within the pyramid configuration. This study suggests that it is also a keeper of prophetic time much like a calendar.

The dark minions of the Builders seek to defile and replicate this divine design for their plans for America and have encrypted its design, mathematics and sacred geometry into their symbology that is also based on this same prophetic clock timetable. What this study suggests is that this sacred pyramid dimension spans the timetable of Biblical prophecy as the Great Pyramid blueprint encapsulates the divine template of human history. What the Luciferians have used this pyramid template for also is to mark the rise and fall of their "Phoenix' world empires that the USA is currently and is about to fall. This study suggests that based on the pattern, America's beginning and its end are encrypted within this blueprint. If this is what the pyramid template is suggesting as seen in various Masonic Temples situated in sacred ley-lines, then the USA is about to be thrust into chaos so that the New Order of the Phoenix is to rise from its ashes.

The Bible calls such symbols and so-called secret knowledge encrypted by the Luciferians as the Spirit of AntiChrist. It is Lucifer that uses such symbols to 'tag' his territory figuratively speaking and encrypt his plans for America in this case. Why the year 5776 is ascribed to the apex of the Great pyramid is that it is 5776 inches high. Based on the measurement to year theory, it then is the year 5776 which in turn suggests 5777 is a turning point of sorts. The year 5776 more precisely started on September 13, 2015. This is the year 5776 that is based on YHVH's time reckoning and feast day as it will be the New Year. It would thus appear that the Republic mirrors the dates associated with the pyramid pattern's base and apex. The base of the pyramid is ascribed to the year of 1776 as its start and 5776 perhaps as its end, prophetically.

## **The Secrets of Lucifer**

This study will point out some never before secret encryptions of the Washington Masonic Memorial that allude to such Luciferian symbols and specific plan for the American Republic. It will be shown that the signature of the Great Pyramid and occultic symbols point to a pinnacle of time, the Year of Light, 5776. This year of 5776 is patterned after the Jewish calendar and corresponds to its beginning on September 13, 2015. Will the year 5776 be when the Republic as it is now no longer be the same? Lucifer uses such 'Temples' as altars around the world for his vanity and plan for the nations he rules currently at this time as the god of this world. Jesus called those that follow this Luciferian false religion, 'Workers of Iniquity' and their Temples or meeting places, the *Synagogues of Satan*. Perhaps the layout of the 'synagogue' is a clue of this plan for American and its timetable. From above, the Washington Masonic Memorial has incorporated a pyramid layout with center waving lines, a Masonic emblem, and fanned-out terraces as it leads up to the Memorial building with its stacked tower of several levels. It is supposed to have been fashioned after the lighthouse of Alexandria.

To the untrained eye, such configurations would seem insignificant but to those who study the occult and Luciferian religions, it is a blatant manifesto of their evil intent hidden in plain sight. The Luciferian false religion of the Builders have attributed the Temple to George Washington in a pretext to honor the Father of the American Nation as Washington was a Mason. However, for a Builder, such an office and calling including President of the USA is not above their sworn oath of degrees. The goals of this Luciferian religion supersede that of any Republic, its sacred Constitution and/or of its citizens. They are sworn to secrecy and another communion table, temple and altar that is not Jesus'. The Great Work of the Builders is to build Lucifer his Temple on Earth, to enthrone him in the chair of Saturn, Zeus as he once had in Heaven and in Pergamum on Earth. They do not honor, or worship Jesus nor do they mention His sacred Name or symbology as true Christians do. Their buildings and symbology have nothing of the sort but on the contrary. Their worship is a masked encrypted veneration of the Shining One the false Christ usurper fallen Cherub want-to-be GOD.

One of Lucifer's goals, according to the Bible is to one day sit on the very throne chair of YHVH on Earth in the 3rd Temple that is purported to be built in Jerusalem. It is rather interesting that murals of the Ark of the Covenant and the Temple of Solomon are the primary themes of the Memorial, not George Washington or Jesus. The Bible further exposes such minions of Lucifer as Workers of Iniquity masquerading as 'Agents of Light'. This specific religion of the 'Builders' that reject Jesus as the true Christ and Messiah have usurped all facets of U.S. government since the beginning of the American Republic. Such secret fraternal orders have mascaraed their plan for America in pseudo-Christian imagery to hide their true intent, plan, and timetable for the Republic. Their true allegiance is not to the Republic or its citizens but their fallen Anointed Cherub Lucifer who is their Master. They are as a spider that patiently weaves a web through generations and waits for the opportune time to strike and paralyze its victims with its bite much like a vampire. They are like a chalice that collects the nectar that is the Saint's blood of the martyrs as they feed off of the people's life force to feed the body of the coming AntiChrist. They are the owl of the night that can see darkness.

## **The Sacred used to Profane**

This study suggests that such symbology of the Washington Masonic Memorial is Luciferian and perhaps is implying a timetable of when the AntiChrist is to be 'born' or revealed to coincide with the New World Order. The pyramid configuration park layout is off by 6° from true north and is interwoven by the snake pattern that appears to hold the whole complex together. This would render the symbology of Lucifer, the Dragon from whom the coming AntiChrist and False Prophet will derive their power from. At the top of the Memorial tower, there is a 9 step pyramidion that follows the pattern of ancient pyramids of the world like the one in Chechen Itza. What the 4 fanned-out terraces leading up to the Memorial building configures is a very ingenious encrypted multifaceted symbology of the Luciferians. In one rendering of the stacked terrace configuration, the same depiction yields a chalice, an owl, and a spider. The spider is a clever masking of several Luciferian esoteric symbols in one. Looking towards the eastern perspective, the complex depicts a spider that is nourishing or birthing the Masonic Memorial building. It is also in phi ratio dimensions and anthropomorphic.

The spider appears to be weaving down the web line from the capstone of the complex pyramid that gives the spider its authority, power, and authority to work its semester web. The spider is one in which its venomous bite will paralyze its victims as with sin as it sucks the life of its host. Such has the Luciferian false religion done with the Virgin Republic of America. The Masonic emblem is configured as the hourglass red 'mark' like that of the black widow. The Square and Compass symbol can also be morphed into a Satanic hexagram. This can be illustrated in the official Reversed Seal of the USA with the first letter of each word on the emblem that spells out M-A-S-O-N. A hexagram is the most power emblem of the Luciferian occult that is used to conjure up demons through sorcery and ritualistic magic in conjunction to certain times and places that open gates or portals in other dimensions. It is also reminiscent of the Rothschild coat of arms, a red shield that had the red hexagram. To the Luciferians, this capstone is referred to as the Eye of Lucifer. Could the year 5776 be the time when the spider births the AntiChrist from the Chalice of iniquity and perversions in some way or advance the agenda?

Based on such an encryption, the year 5777 is perhaps when the capstone comes down from Heaven to complete their Temple of Light. Looking from a western perspective, the complex conjures up a chalice that mocks the LORD Jesus as He last drank from the cup of redemption at the Last Supper. In many Satanic human sacrificial rites, the chalice is used to collect and drink the victim's blood from. The chalice is also a symbol for the womb from where the AntiChrist is to be birthed from, spewed out of the mouth like the demonic Frogs of the book of Revelation that the Beast and False Prophet produce. The chalice is also a womb symbol of which the Babylon Mystery Religion will birth and support the coming birth of the AntiChrist. Coincidentally, in many renditions of the artwork depicting the Virgin Mary and Man-child, the hands of both are in stances that are in the form of the Spider's legs, as there are 4 legs on each side. According to the Bible, it is the Red Dragon that gives the power to the AntiChrist. This is seen by way of the Spider as he descends to take his seat on the throne that his Builders have made for him in the Memorial.

## Lucifer's Building Project

This study suggests that the Memorial corresponds to the coming Throne between the Cherub in the 3rd Temple in Jerusalem. In essence, Lucifer is only an aspiring King Cherub seeking to rule all there is and above YHVH Throne as he apparently once covered it. Metaphorically, the layout suggests that the spider's venom is what is producing the AntiChrist within the chalice; being incubated and nourished for eventual birth as the chalice symbolizes and is in association with its 'Virgin Mary', the symbology of the surrogate mother. This is a blasphemy of the symbology; Jesus said that the cup of wine representing His blood was the sign of the New Covenant. The Luciferian false religion of the Builders and Roman Catholics for example use this imagery of a pseudo-Christian icon to mask their worship of the Light Bearer god, Lucifer. This 'Virgin' is not Mary the mother of Jesus but the goddess ISIS, which is in the occult associated with Venus and the Man-child with Saturn. This celestial 'Virgin' is Lucifer in drags that appears often in apparitions and even shed tears of blood from her eyes, hands and feet in blasphemy against the crucifixion of Jesus.

This Harlot is Nimrod's Babylonian Mystery Religion of Lucifer that is at war with Jesus' Holy and virtuous Virgin, His Bride on Earth. It is a type of Eve, a woman whose 'Seed' Jesus Christ crushed the head of Lucifer, the Serpent, and the Dragon at the Cross of Calvary. The Harlot of Lucifer rides the Beast and is drunk with the blood of the Saints. It is blasphemy of the Holy Spirit's work seen in the symbols encrypted in the Masonic Memorial complex. This same chalice and spider encryption also configure an outstretched owl. It is the symbol of Molech and is associated with Isis, Minerva, and Diana, all the same. The owl is one of the symbols of Molech, the god of abortion as in baby sacrifices. Isis is often attributed to the Virgin Mary with Man-child. What the theme of the Builders is portraying in such encrypted layouts like the Washington Masonic Memorial is that this Mystery Babylon mother of harlot's cup is full of Saints' blood. Perhaps all the bloodletting currently done at the hands of the Muslim ISIS created and funded by the USA in the Middle East against Christians is what is needed to birth-out their AntiChrist Messiah. For America, this chalice has metaphorically been full of the blood of all the unborn in America. It is estimated that since the abortion ruling in 1973, there have been over 70 million babies whose blood has been spilled.

Perhaps this shedding of innocent blood literally has been the 'nectar' for the sustenance of this Luciferian false religion has enabled their demonic inspired plan for the Republic to succeed. The plan is to implode Virgin America and discard of her as often many spiders dispose of their mates upon the completion of conception. Lucifer's plan for America is to destroy her by burning her in ashes to birth the New World Oder Phoenix to be ready for their AntiChrist's arrival. As it is, the Muslim Jihadist in the Middle East that makes up CIA created ISIS are filling Lucifer's chalice literally with the blood of martyred Christians there. Why? The Life is in the Blood. The Luciferians in part derive their lust for power at the expense of the innocence. What Lucifer's minions are doing overtly in the Middle East, his minions are doing in secret behind closed clinic doors across America. This is also perhaps one of the main causes that will allow divine judgment against the USA to fall.

## The Year of Judgment

Lucifer has changed America in all facets of society to the point that she has capitulated and compromised her morality in exchange for an ant-Christian one in the name of 'inclusiveness' and political correctness. The Washington Masonic Memorial is only about 148 ft. shorter than the height of the Great Pyramid at 5776 inches. It appears that this is the recurring theme and prophetic date of the timeframes of both YHVH and that is being coat-tailed by Lucifer. This prophetic code is even seen in the latitude coordinates of the Memorial building itself at 57°76". Moreover, the Washington Masonic Memorial is constructed to represent the same anthropomorphic man the 'Spider' is feeding with the dimensions as the Temple of Solomon and others had. This same blueprint is seen in the temple of Baalbek. What will also be shown is that at the core of these temples is a perfect cube that resonates with the god of the Ka'aba in Mecca for the Luciferians but is fashioned after the Holy of Holies as it is the true form and pattern of YHVH's Throne. The Jewish year of 5776 is considered by the Luciferians as the Year of Light. This study suggests that it will be the start of America's national judgment of darkness descending upon the land instead.

This judgment is coming because America's cup has been now overflowing with sin, violence, rebellion, and chaos. This is thanks to the 'Great Work' of Lucifer's servants to first create 'chaos' that perhaps will be completed in 5776 that represents the Great Pyramid pattern of the pyramidion. This assertion is based on the notion of taking the ratio and proportion of the measurement value of the height of the Great Pyramid and equating it to years. How close is this time? Consider that the first day of the Year of Light will be on September 13, 2015. In relation so the Stock Market, the last day for the Stock Market rally was on September 11, 2015 a 9-11 association. The Memorial does have a direct connection to New York and the Stock Mark in this. The Statue of Liberty is 332 kilometers from the Memorial and the Statue of Liberty is 611 arcseconds (a 911 encryption) to Ground Zero. This place now has 2 concave squares that were the World Trade Center towers. To some they now resemble what is referred to as Snake Eyes from a top view and due to the serpentine nature of one of its streets that lead there.

*'In gambling, snake eyes are the outcome of rolling the dice in a game and getting only one pip on each die. The pair of pips resembles a pair of eyes, which is appended to the term 'snake' because of **the long-standing association of this word with treachery and betrayal**. Because this is the lowest possible roll and will often be a loser in many dice games, such as Craps, the term has been employed in a more general usage as a reference to bad luck. The odds of rolling snake eyes on 2 six-sided dice are 1-in-36. In some board games, such as Monopoly, (the Banker's game) house rules may decide that this roll earns the player a bonus due to it being rare.'*

If the connotation has been a deliberate encryption, it goes to show that the Ground Zero events were indeed orchestrated by the Luciferians whose purpose was nothing short of treachery and betrayal by those that supposedly govern the USA. Dark forces have been conspiring ever since 1776 that started at Ground Zero as George Washington was inaugurated there after the revolution and perhaps the nation will end there as well.

These 'Snake Eyes' of a monument to their 'Great Work' amounts to a blatant pride as bonuses were given instead to all their Money Changers in the Temple of Mammon as a reward for their systematic implosion of America's wealth. The following are some measurement taken from Google Earth from the Washington Masonic Memorial.

**To Statue of Liberty**

332 km (Skull and Bones) or 180 nautical miles

**To Ground Zero**

116 arcsecond (**911**)

2.23 miles (322) or 3.60 km (360day/years)

This was 7 years from 1776.

Nov1, 1923 to Sep 13, 2015 including end date

= 33,555 days

or 91 years, 10 months, 13 days or 9110 = **911**

481ft = 5776 inches

481 - 333 = 148 difference

481 = 333

5776 x 481x = **1923**408 (the year 1923 was when the Memorial was started)

x = 3998.76 or 3999 rounded off

5776 - 3999 = **1777** (a 1 year anniversary from 1776)

What is significant is that a 7 year count from 1777 = 33 x 7 cycles = 231=2008 or last 7 year prophetic week leading up to **5776**.

**To Washington Monument**

333 arcsecnds or 5.55 nautical miles

**To Capitol Hill**

5,555 smoots

**To Pentagon**

233 arcseconds (322code)

6.9 km

444 miles

**Some Calculations**

481 ft. radius x 2 = 962 ft diameter = **5776** inches

962 ft. diameter x Pi (3.14...) = 3022 ft circumference

Moon radius = 1080 miles

Earth radius = 3960 miles

TOTAL **5040**

5040 miles = feet then

5040 ft. - 3024 ft. = **2016** ft = year

## Temple Time Theory

The Washington Masonic Memorial building cornerstone was laid with the same trowel that Washington used to lay the cornerstone of the Capitol Building of Congress 7 years after 1776. In the ancient pyramid complexes, the buildings like that of Chechen Itza were directly associated with the stones of the descending Shining Serpent on the Spring Vernal Equinox. This Memorial configuration also has the serpent coiling down the pyramid layout much like the Shining Serpent on the steps of the Chechen Itza pyramid. The ancient pyramids like that of the Maya were 9 steps in height as is the main pyramidion of the Masonic Memorial dedicated to Washington. The symbology is a reversed rendition of the Phoenix rising up to the capstone in this case with the masked Molech owl. It incorporates the same principle of the 'Phoenix' running down the stairs of the pyramid, in this case, the spider. The London Olympics gave a glimpse of the Luciferian celebration of their Phoenix or Lucifer that rose from the Rosicrucian Cross. This is in the same pattern as the capstone and black spider masked as a dove, an owl.

According to GoogleEarth, the coordinates that correspond to the Washington Masonic Memorial is **38° 48'27.01' n' 77° 03'57.62" w**. This illustration supposes that in the case of the year to latitude theory to the 57.62" the longitude corresponding year of 5762 and in Jewish reckoning of time. If this year is translated to the Gregorian calendar date, it is equal to September 11, 2001. The following is the timeline based on the latitude-to-year theory. The axis line runs from west to east. The theory states that the specific variables of either the latitude or longitude correlates to the year in Jewish reckoning of time. The timeline will also show that the Memorial is laid out to that the tower or center point of the 'cube' of the Temple to Washington be at the exact latitude of 57.76" coordinate, thus correlating the building's pyramidion with the apex of the Great Pyramid at 5776 inches. This mathematical coefficient in turn correlates to the Year of Light, 5776. Only some of the years will be highlighted for emphasis.

<i>Holy of Holies</i>	<i>Holy Place</i>	<i>Portico</i>	<i>Laver</i>	<i>Altar</i>
<i>Ark of Covenant</i>	<i>Menorah of Light</i>	<i>Boaz and Japheth</i>		
2000	1900	1800	1700	1600 AD
<u>2230</u>	<u>2022</u>	<u>2016</u>	<u>1967</u>	<u>1948</u>
59.00"	57.82"	<b>57.76"</b>	57.27"	57.08"
			56.83"	55.36"
			53.80"	54.40"

The Washington Masonic Memorial is on a hill with an inversion of the pyramid, opposite the capstone in terms of elevation. It is well researched that the Great Pyramid encapsulates the dimensions of the Earth and the Moon's radiuses, diameters, and circumferences. If the number 5,040 is subtracted by the actual perimeter of the Great Pyramid at 3,024 ft (square based) then the remainder is **2016**. Based on the patterns and mathematics associated with it, it appears that the year 5776 is when the Temple, the capstone comes down from 'Heaven' to complete their Temple of Light. The Temple Mount in Jerusalem is set to this very same divine measurement of prophetic time. The perimeter of the Dome of the Rock currently at the core of the Mount is exactly 2016 square feet. This will be the area given to the Gentiles as the 3<sup>rd</sup> Temple is built.

## The Dimensions of the National Collapse

A very interesting extrapolation occurs when the year 2016 is squared mathematically. The resulting number is 44. The inferred association could very well associate the year 5776 in America to the U.S. President. Barach Hussein Obama is the 44<sup>th</sup> U.S. President that will see the 5776 prophetic fulfilment come to pass. Whether he will be somehow related or involved with this completion of the 'Great Work' remains to be seen. To many, the number 44 perhaps is indeed alluding to the 44th U.S. President that might be not only the last U.S. President but the 'One' that is to be the Son of Perdition, the AntiChrist. As it is now, the U.S. President is very Anti-Christian in many of the policies he supports. To many such as the Bible believing Christians, his stance on the redefinition of Marriage for example is immoral and against YHVH's laws of morality. He is the first U.S. President to officially declare America 'no longer is a Christian nation' under his watch. It is a fact that he rather supported the Banker bailouts, car maker's bailouts, Wall Street appointees, purged the U.S. Military personnel, extended the Patriot Act, supports the NSA domestic spying, support of ISIS, etc.

Year 2016  $\sqrt{x} = 44$

As Obama might very well be the President that could coincide with the timing of the last Church Age be also accomplished based on the 5776 year theory. Again, this would mean that 5777 is the turning point. A further clue is also encrypted in this numerical signature. It has been shown that this number value of 5776 equals YHVH's intended timeframe to complete His Temple, i.e., His Bride. It thus appears that the Washington Masonic Memorial is a Temple that is 'clocking' or keeping of prophetic time as well. One such benchmark can be ascertained from April 20, 1909. This was the time that the Park held a celebration of the inauguration of the 1st President, George Washington. As noted, the same trowel that Washington used in to anointing the cornerstone for Capitol Hill in September 18, 1783 was used to commence the work of the Masonic Memorial. This date was on November 1, 1923. The work was considered completed in 1970. The work of completing the entire composition of the layout has been purposely accomplished in stages much like the core of the Mall leading up to the Capitol Hill.

$1922 + 49$  (a Jubilee patter of time) = 1971

Another time stamp that is encrypted into the timeline of the Memorial is that of a Jubilee Cycle. The Jubilee Code is encrypted in the design as the year 5776 will synchronize with the Jewish Jubilee year. Others believe it is actually 5777 instead. Based on the patterns and imagery associated with the murals and symbols, it might very well be related to the time the 3rd Temple in Jerusalem is to be built or start to then in 5777. Others interpret the 5777-year based on Biblical numerology in that 5 is associated with Grace and the triple 777 with a perfection attained and with emphases. In the Christian context, thus it means that the Age of Grace has come to a completion. To others, the 5 means an 'emphases' from the Kabbala and the triple Hebrew letter for 7, that of Zayin stands for war, thus the 3<sup>rd</sup> World War that is to be orchestrated by the Masons is to perhaps occur in 5777.

Many interpret Scripture to allude that the 3rd Temple in Jerusalem will be completed as it will be ushered in by the AntiChrist and for the AntiChrist eventually. Interestingly, the year 2017 and 2018 will see the convergences of the 50<sup>th</sup> and the 70<sup>th</sup> year anniversary of Israel becoming a State and the Temple Mount liberated from the Muslims since 70 AD. It will be 3rd Temple in which Lucifer incarnates into the AntiChrist to sit on the Ark of the Covenant in the Holy of Holies cube. The Washington Masonic Memorial is the only Masonic Temple in which all other Temples in the Republic are obligated to pay a fee to help maintain it. The following are some measurements and number associations pertaining to Washington's Masonic Memorial.

## **Secret Ley Lines of the Luciferian Brotherhood of Darkness**

To reiterate, the Washington Masonic Memorial has a primary pyramid outline that is 1 square mile in length, and it incorporates a myriad of Luciferian encrypted symbols. The pyramid ley-lines incorporate the year to latitude theory correspondence. It marks the time it has taken for their 'Great Work' is to be accomplished and why the construction of the Masonic Memorial has been accomplished in stages. It follows the plan much like the city grid of the District of Columbia has also. The Memorial is also shown to be a certain esoterically numbers when considering its distance to other key building that make up the core of the District of Columbia. For example, the House of the Temple follows the same blueprint of the Ka'aba layout of a square main section or building with adjacent rounded arc to its side. This building blueprint is exactly the same for the Memorial, the Ka'aba and the Temple at Baalbek. Baalbek is in reference to Ba'al, the god of human sacrifices, Molech, etc. Other esoterically associated numerology can be ascertained from the House of the Temple to the White House.

One occultic configuration among many from the White House to the House of the Temple is that of a 3-dimensional cube. This has direct connotations to the Islamic Ka'aba in Mecca that is used to worship Allah. In the occult, it is Saturn or Lucifer that is inferred of this black cube. The cube from the White House to the House of the Temple is also interwoven within the Luciferian hexagram and pentagram configurations. These are the signature emblems of the demonic occult when used to conjure up Fallen Angels and demons used in sorcery and human sacrifices. There is also the Templar's Cross and much more. The House of the Temple has the classic unfinished pyramid as seen then their U.S. Dollar bill with the hovering Eye of Lucifer as the pyramidion. This pyramidion that is a connotation of Lucifer, the AntiChrist and his temple is eventually to someday come down to complete the truncated pyramid. It is rather telling also that the Great Pyramid of Giza is missing the capstone. The House of the Temple also incorporates the signature letter 'G' as the focal point of the Square and Compass.

In this case concerning the layout of the Washington DC street grid, the 'G' also serves as the focal point with as it is next to the House of the Temple. Although it is everted, it follows the duplicitous nature of the law of opposites. It also follows the broken pentagram as the westward extension of the square is no longer visible from the air. The letter 'G' is the 7th letter in the Roman alphabet. The adjacent building to the House of the Temple is configured as a 'G'. This is seen in the prominent emblems of the Masons. It is often thought to infer to the following, God, Gnosis, G-spot, etc. In this grid layout the 'G' is upside down in keeping with the law of opposites. In one interpretation of the layout of the House of the Temple, the composition resembles that of the Ka'aba of Mecca that the Muslims venerate to their god Allah. Some suggest that Islam and Freemasonry have their same origin in the Luciferian secret doctrines of the Mystery Schools of Religion. In the Bible these are referred to as the Doctrines of Demons. The House of the Temple is placed in its precise geometric location in relationship to the White House as it is meant to influence and rule. The very apex of the Masonic compass as well as the Satanic pentagram and hexagram converge on the White House.

## **A Spiritual White House**

The Masonic temples that venerate their fallen Cherub Lucifer have encoded the year 5776, into the ley lines, sacred Gematria and city grid layout. The House of the Temple is such an example of this pinnacle Year of Light that based on the overwhelming evidence from other similar pyramid and Masonic architecture, the year 5776 in Jewish timing is pegged to the manifestation of the 3rd Temple in Jerusalem as all the Masonic Temples are orientated and encrypted with its phi ratio, dimensions and occult inferences. The extrapolation of the years from the years is derived from the same principle of the latitude to year theory. The House of the Temple is exactly 2016 yards from White House center point between the 2 fountains in the north and south of building. The center point of the phi ratio square is from where the heading and measurement is taken. The encryption of the equivalency of 2016 yards would thus equal the year 2016 that in turn would equal 5776. The supposition of this illustration is that the Masonic Temple is a temple set to a 'clock' countdown to the Year of Light, 5776 and thus 5777 precisely. Will this be the time when the 'throne' to Lucifer in his Temples of so-called Light will be started or when the Antichrist is to come on Earth?

This date is the anticipated year in which the Masonic 'Great Work' will be accomplished on Earth. This is the recurring theme of such buildings around the world that are based on the Great Pyramid pattern of time and proportion. Jesus exposed these places of gatherings as Synagogues of Satan. The same Luciferian encrypted symbology can even be seen in the house of the U.S. President' and office. The White House is flanked by 2 wings, the East and West Wings. The very Oval Office of the U.S. President also has this 13-step pyramid with missing capstone incorporated into the wooden tile floor plan. The configuration of the wooden floor leads out to the side doors. The Oval Office has a Classical Roman style decor to it with a triangle above the door panel and 2 adjacent shell design enclaves. To the unobserving eye, it would be unapparent but considering the esoteric nature of the symbolisms in and out of the White House, it matches the Reverse Seal of the USA. What is noteworthy to illustrate is that as the President comes in and out of the doorway of 2 pillars.

This symbolism is much like the Masonic emblems depict it is as though the President is ascending and descent the 13 step pyramid and once at the door, it corresponds to the 14<sup>th</sup> level from where he enters and leaves the gateway, the portal from that point forth. To some, this is exactly how in the Last Day, the demonic entities are seeking to pierce the darkness of their veils through Stargates, portals to manifest themselves. It will be how the AntiChrist will be transcending from a different dimension that will come to complete the Spiritual White House, or that of 'light' of the Builders. The 'Great Work' of the Builders is enthrone their Christ Cherub want-to-be god in the Holy of Holies. The Bible predicts that this will occur at a future time, perhaps in the 3rd Temple and once the Ark of the Covenant is revealed to coincide with the 'confirming of the Covenant'. Will the year 5777 thus after the Year of Light see the 'light of day' when the 3rd Temple in Jerusalem will begin to be constructed to eventually cause Lucifer to sit on the Throne of YHVH, that is the Mercy Seat of the Ark of the Covenant? As in the prior Temples of YHVH, when the Glory departed, the darkness filled the vacuum. Perhaps when the Rapture takes place is when the darkness of the AntiChrist will fill the Earth.

## **Prophetic Prognostications**

This study has attempted to show that such esoteric patterns are sequences having possible prophetic implications that appear to converge on the year 5776. The patterns suggested in this study are only to show that such are timed according to sacred Gematria, ley-lines, dates, measurements, prophecy, and buildings. The point is that they all have a common thread. As it pertains to America's plan in prophecy, it is exactly how the Luciferians running the governments of the world for Lucifer behind the scenes have planned it ever since America's beginning in 1776. Will 5777 see its planned end? These same Luciferians have been the wolves in sheep's clothing masquerading as upstanding and virtuous citizens in society, messengers of light.

Such Secret Societies have used the cloak of righteous and 'Christian' virtues and 'light' so far as they provide philanthropy to children's causes for example. They do this to appease their condemned conscious for the heinous acts of sin they do in the dark with children. See *The Franklin Cover-up: Child Abuse, Satanism, and Murder in Nebraska* by John W. DeCamp. Men and women in high positions and power in Washington DC are involved in pedophilia and child kidnapping interstate and international crime rings. See also *Confessions of a D.C. Madam: The Politics of Sex, Lies, and Blackmail* by Henry W. Vinson. This was also exposed to have been occurring at the highest levels of government in England. This goes as well for such supposed Christian religions as the Roman Catholic and other Protestant denominations that also abuse boys and girls.

As it has been alluded to, if 5777 that comes after the Year of Light 5776 is the year that the Luciferians will have imploded the USA as the current 'Old Phoenix' through orchestrated political, social, racial and economic chaos, this synchronization of prophetic time might be the milestone as the USA is to be simultaneously judged in some horrific way never seen before in the Republic. As it stands now, a house divide will fall, and America is very much divided. This is what the current President was appointed to do. It very well might coincide with the Luciferians plan for their New Phoenix World Order and the completion of their 'spiritual house' that will be the 3rd Temple of Jerusalem on the Temple Mount.

Why many would say that such prophecy is always Americentric is a valid point but realize that the USA is the current World Order, the Luciferian Phoenix used and abused, milked of its wealth and resources to complete their diabolical plans of ushering their last Luciferian world empire. This is the same principle of how the Old Phoenix was Europe and in 1776, the New World Order was transferred to the young American Republic as Francis Bacon's 'New Atlantis'. Also consider that the bulk of the world's Christians are concentrated in the States. Jesus Christ might also very well be completing his Spiritual House, His Bride that will be raptured out of this world because the Church Age has reached its fulfilment and commission in 5777. The Rapture is an all-encompassing inference to include the resurrection of the dead in Christ first. This Rapture event is eerily seen in the esoteric murals of the national headquarters of the Bank of America in America. They are some sort of prophetic unveiling of what is to take place and what is the plan for America at the hands of the Luciferians.

In one mural, there is a depiction of a young blond boy being observed by an African man and others as a white female is drawing attention to him. In the foreground, the young boy is standing on a classical Masonic checkerboard floor that is elevated above his observers. This streaking comet also gives the allusion that the young boy is giving a Nazi salute and has an old fashion German helmet. In the background there are 2 other persons that are depicted. One is a female that is suspended in midair as if being 'raptured' within a 3-diminsional cube. As noted, a geometric 3-deminsional double-tetrahedron can only produce such a 'gate' or portal as in door of escape. The alignments are synced to a solar eclipse. The other person in the background is sitting down unawares because there is a blazing comet or asteroid that is streaking across the panel in apparent destruction to come.

At the very back of the scenery is an ominous pyramid, the Great Pyramid, thus a 5776 connection at this point. A possible interpretation of this mural is that the Rapture of the Bride could coincide with a solar eclipse that is in tandem with a blazing comet that is to strike the Earth shortly after the year 5776. There will be those that will be caught unawares as the AntiChrist will be revealed to the world. It was rather interesting that the first day of the year 5776 that the Great Pyramid is alluding to, there was a solar eclipse, and this coincides with the Jewish New Year on Rosh HaShanah. This event was on September 13, 2015. If the Rapture of the Bride is to coincide with such astronomical dates and events and/or a comet or solar eclipse, that remains to be seen.

This study is only interpreting the illustrations based on symbology and patterns that are recurring but consistent in multiple renditions to include city ley-lines, buildings -modern and ancient, measurements of distances, the LORD's Feast days and Biblical prophecy. Another mural in the same place depicts a scene of martial law where there is an apparent breakdown of society and resources. There is destruction, chaos, protests, military soldiers, and apparent crucifixions. There is a hint of a net encapsulating part of the scenery. What is rather ominous is that as this apparent state of anarchy is occurring below, above the scenery here appears to be the Rapture event. There is a blazing circular conglomeration of naked people swirling around as they ascend upwards in a transitional state of being transformed as if by fire. Could this be a scene of what is to occur at the point of the Rapture?

This depiction would coincide with that of the Pentecostal Fire of the Holy Spirit that came down to indwell the Believers of Jesus Christ after His resurrection. The depiction is striking and would go hand in hand of how some interpret the event that is to coincide with sudden destruction much like what occurred with Lot in Sodom and Gomorrah. The Rapture event could either be occurring before the marital law conditions are implemented, during or after, it remains to be seen. What is alarming is that a racial divide fomenting in America's that has started in the inner cities will be used to justify martial law once the economy crashes and the U.S. Dollar is no longer the World Reserve Currency. What is staggering is that most are the ones in need of the assistance just to get by as most are either unemployed or under-employed. Over 50 million are on some sort of food assistance.

## **Pride before the Fall**

When the government assistance dries up, there will be Ferguson's and Baltimore's in every major city across the nation, thus the need and welcoming of marital law. It will be a pretext for assuring 'peace and security' at the expense of civil liberties. This is by design to divide and conquer the masses and how the Luciferians will bring down the nation to its knees. If proud America is to fall, it will fall hard and fast. In reference to a possible comet or asteroid hitting the Earth, as the Bank of America mural alludes to, there have been many Christians that are having visions, dreams and an intuition about an object from space hitting the Earth to affect primarily the eastern seaboard of the USA. Taking some liberty to inference a parallel from Nebuchadnezzar's statue of the 4 Empires, in conclusion this study will liken the fall of America like that same statue in the King's dream. The statue started off as gold, valuable and quickly divided like Israel and diminished in metal and value.

It was made up of 4 division, empires that corresponded to time, prophetic time at the end of human history just before the return of Jesus. By the time the last rendition of the 4<sup>th</sup> Empire came around it was a mixture of brittle clay with iron and lasted a very short while. It was eventually destroyed and shattered by an incoming rock from Heaven that hit this last but brief Empire. The proud statue came crumbling down and in its place a mountain arose from where the LORD reigned thereafter. If the visions and dreams of those Believers does come to pass in that a comet or asteroid will hit the vicinity of the Caribbean, it will be as if it is that 'rock' that brings down the mighty statue of proud America like in Nebuchadnezzar's dream. Consider that historically, America can be divided into 4 time periods; the colonial period, the Revolutionary period, the Civil War ear and the Modern era, just like Nebuchadnezzar's statue.

America started off as gold, valuable and quickly divided like Israel and diminished in metal and value. If this blazing comet is to strike the ocean near the U.S. eastern seaboard, it would devastate millions of Americans. This could coincide with the national judgement of the LORD for the full measure of sins the nation has accrued. Such a scenario would also concur with others who have had visions of tidal waves scaling the skyscrapers of New York City for example and how the continental U.S. will be somehow reconfigured geographically because of such an event and others dealing with Planet X as the 'Rapture' mural suggests and the pole shifts to come. Nonetheless the last Luciferian Masonic Empire will thereafter last but a brief moment as Jesus will return with His raptured Bride to destroy Lucifer's last world Empire. This will occur at the Battle of Armageddon in Israel.

Thereafter Jesus will fill the whole Earth as a mountain in His righteousness. As it is now America in the last decade alone has suffered catastrophic attacks and natural disasters unprecedented in her history. There was the Gulf oil spill; there is now radiation on the west coast and the drought in California that is eating away at the nation's food supply. This drought is constricting the plates and the Central Valley is actually sinking. This scenario could trigger the 'big one' to occur. Then there has been the record snow falls in the east, record heat, record cold and unprecedented mega storms in the heartland with multiple tornadoes occurring and plagues unleashed.

The nation is deeply divided politically, religiously, and racially. The 1% controls the resources and wealth, etc. Most Americans are in debt and 1 in 5 retirees die in poverty. The borders of America are wide open while citizens are patted and stripped at airports while Muslim women get a free pass. America has lost its moral compass. It has allowed for the redefinition of what marriage and moral is. Biblical Christianity is now discouraged in the Military; banned in schools while Islam and the gay agenda are taught. According to Homeland Security the number one threat to 'national security' are gun owners, Christian 'end-timers', returning Veterans and so on. The traditional family unit has been systematical destroyed through media programing. The youth have no godly sense of what is morally right or wrong, good is now bad, what is bad is now good, etc.

There is currently a drug addiction epidemic, meth in the heartland, cocaine and heroin pouring through the borders. Then there was the orchestrated Ebola outbreak and the current 'scare' to force-vaccinate all children without the option of families to opt-out or to sue the Big Pharma for damages the vaccines cause. Underage girls can get abortions at school without parental knowledge or consent. Most of the adolescent population in America is on some sort of prescribed medication in part due to chemicals and allergens in the food, water, and environment. Autism is off the charts. However, marijuana is now legal in some states. The government is allowing for climate engineering with aerosol spraying that is poisoning the vegetation and ground water.

Yes, America like the statue of the King's dream also started as a precious metal, as gold but quickly became corrupt and divided and thereafter diminished to the point of worthless rusting iron mixed with earthly clay in her last rendition of her former glory. Many believe that the partial list of conditions mentioned above plaguing the nation is meant to be wake-up calls because the Christian Church is asleep. These were and/or are the warning signs of the LORD's desire for America and His People to repent because a nation's judgment is predicated on the righteous standing of YHVH's People before the LORD. Is it too late of America? Has she crossed the point of no return? Has her leaders hardened their heart instead? Has His People that are called by His Name?

*'If I shut up the heavens so that there is no rain, or if I command the locust to devour the land, or if I send pestilence among My People, and My People who are called by My Name humble themselves and pray and seek My face and turn from their wicked ways, then I will hear from Heaven, will forgive their sin and will heal their Land. Now My eyes will be open and My ears attentive to the prayer offered in this place'....-2 Chronicles 7:13-15*
