SECOND TRAILER PERMIT

Date: _____

To the Board of Directors,

I / We request approval to place a second trailer on our adjoining lot, known as Lot _____ Glen _____ at Breezewood Acres. I am aware that said lot must be deed restricted (combined) by the deed with my primary lot. I am also aware that there is an additional charge of \$125.00 due on the date of placement of the second trailer and will be due thereafter each year on January 1st. There are no restrictions on electric or water hook-ups. Also, I am aware that the trailer cannot exceed four hundred and sixty (460) square feet of livable space.

My plot plan is located on the back of this form showing any existing structures. I am aware that all structures must be placed no less than six (6) feet from all back and side property lines and no less than fifteen (15) feet from the property line. Also, the trailer must be five (5) feet from all other structures on the property.

Before placement of any (RV), I must provide Breezewood Acres with a copy of an approved permit issued by either Lehigh or Dreher Townships.

Proof (COPY) of trailer ownership must be submitted before approval.

Very truly yours,
