

School-Aged Classroom News

Our 3rd and 4th graders have been independently managing their virtual learning; it is amazing to see how good they are at staying engaged and getting their work done!

We are very excited to FINALLY have our K-2 students pick up their tablets today! They have been waiting patiently and doing their best to join class meetings and complete interactive tasks with whatever technology has been available to them. We continue to view the teacher videos and complete work in the packets.

The beautiful weather has allowed us to get outside. We walk around the block or enjoy the outdoor playground space. We created art with sidewalk chalk, too!

Our focus last week and this week is apples. We decorated apple cut-outs and found apple facts and worked hard to earn “apples” to fill our apple trees! The apple tree incentive allowed students a chance to take a goodie from a box or get free time. It is always fun to share in the successes of filling the trees! The next few weeks will focus on leaves!

PLEASE HELP!

Please check your child's backpack to make sure he or she has electronics, chargers, and headphones for each day.

Please make sure your child brings/wears a jacket for when we go outside.

Please keep us informed of any work your child needs to catch up or complete.

Please remind students about the importance of wearing masks.
