

# MESSIER 87 BLACK HOLE

## 1ST PICTURE EVER CAPTURED - IN THE SIGN OF PROPHECY

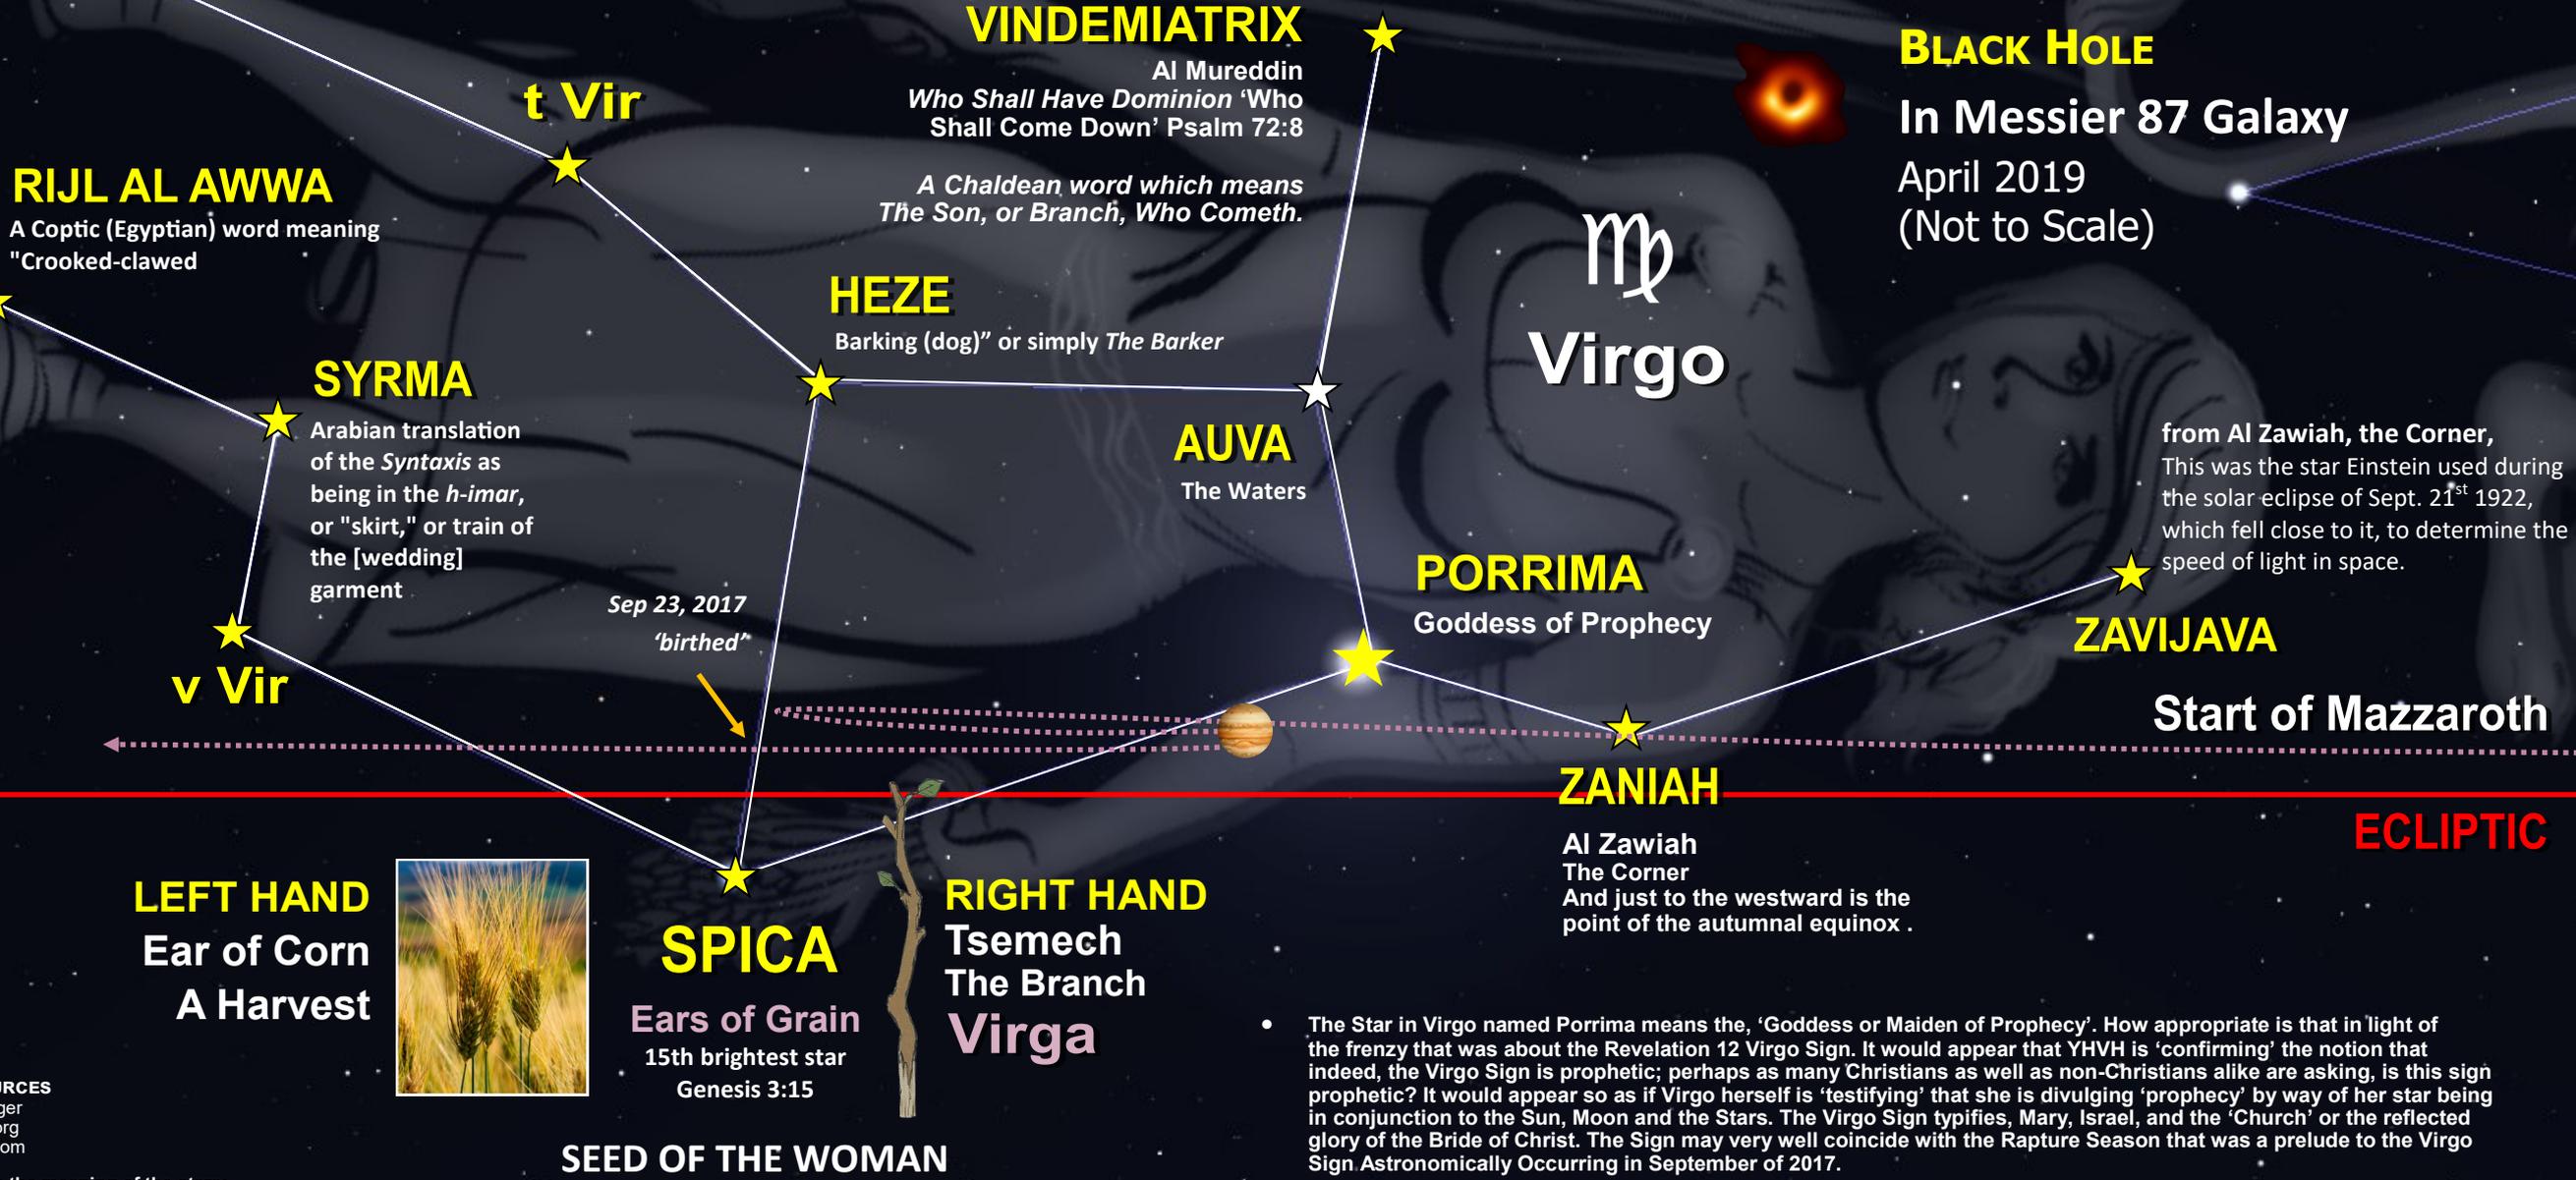

The purpose of this illustration is to depict the 1st Image ever taken of a Black Hole. Where? In Virgo, the Sign of Prophecy. This was a Breakthrough Discovery made by the Researchers @ehtelescope. It is an Image of Messier 87's (M87's). It is a Super-Massive Black Hole in the center of the Virgo Star Galaxy 55 Million Light-Years from Earth. The Computer Generated Phot was taken in April of 2019.

The 'Virgin' Prophetess is celestially 'speaking' about this very prophecy. It is as if Christ is answering the arguments and questions of so many regarding the Great Sign of Virgo, 'is it prophetic?' Yes, her Stars 'speak' of Prophecy, Biblical Prophecy as Psalm 19:1-9 rightly declares regarding the Sun, Moon and Stars.

The question remains, what is that prophecy? Was the Revelation 12 Sign a Countdown? Does the Black Hole imply an 'Open Door'? Perhaps it is that something will be 'birthed' or 'harvested' in the whole context of the Virgo Sign typology or perhaps the Rapture event. When? In the Year when the next Black Hole Image is to be captured.

 Website on the meaning of the stars:  
<http://www.constellationsofwords.com/stars/Porrima.html>

- The Star in Virgo named Porrima means the, 'Goddess or Maiden of Prophecy'. How appropriate is that in light of the frenzy that was about the Revelation 12 Virgo Sign. It would appear that YHVH is 'confirming' the notion that indeed, the Virgo Sign is prophetic; perhaps as many Christians as well as non-Christians alike are asking, is this sign prophetic? It would appear so as if Virgo herself is 'testifying' that she is divulging 'prophecy' by way of her star being in conjunction to the Sun, Moon and the Stars. The Virgo Sign typifies, Mary, Israel, and the 'Church' or the reflected glory of the Bride of Christ. The Sign may very well coincide with the Rapture Season that was a prelude to the Virgo Sign Astronomically Occurring in September of 2017.
