

To ensure the safety of you and your guest CT Bounce House LLC requires that you become familiar with and agree to implement the following:

General Safety Rules & Operational Guidelines

VERY IMPORTANT: A responsible adult must be in attendance and closely supervise all activity while any inflatable or piece of our equipment is in operation. You the customer are responsible for providing such supervision during the entire time our equipment is in your possession, unless CT Bounce House LLC has agreed per rental contract to provide this service.

- 1) Do not overload any inflatable. Each inflatable has a capacity chart or label near the games entrance. The maximum rider capacity should never be exceeded.
- 2) Do not use the inflatable during periods of rain or excessive winds. (over 20mph) in the event of severe weather conditions (lightning, thunder, rain or high winds) instruct all occupants to immediately exit the inflatable and DO NOT allow re-entry until weather has passed and inflatable is dry.
- 3) All of our inflatables and games are physically challenging. Any person with health-related issues, disease, high blood pressure, back, neck or other bone/joint problems, or any other condition that might cause problems when physically challenged should not be allowed in our inflatables.
- 4) Remove shoes, necklaces, eyeglasses, jewelry and other hard or sharp objects prior to entering any inflatable.
- 5) No hot objects are allowed in or near any inflatable.
- 6) All participants should empty their pockets before entering any inflatable.
- 7) **No Gum, No Face Paint, No Candy, Food or Drinks are allowed inside any inflatable.**
- 8) **No Silly String** shall be allowed inside or near any inflatable where it may come in contact with our unit. If Silly String comes in contact with any part of our inflatable a damage fee may occur.
- 9) No Flips, Wrestling or other forms of rough housing are allowed inside the inflatable.
- 10) Participants in a bouncer or generally all inflatables should be grouped according to age and size.
- 11) No jumping down any slide surface. Participants must come down any slide surface one at a time with feet first.
- 12) Participants should not sit or laydown while others are bouncing around them, as a jumping child could fall down on top of a sitting or lying child.
- 13) Do not jump on the entry step of any inflatable.
- 14) Do not run or jump through the door into or out of any inflatable.
- 15) Do not climb on the exterior of any inflatable at any time.
- 16) Do not attempt to climb on the screening or window mesh of any inflatable.
- 17) If anchors come loose or should the unit begin to deflate during operation immediately and calmly instruct all participants to exit and call the emergency phone number on rental contract for assistance.

We take safety very seriously, you should too.

Persons not following these safety rules should be immediately instructed to exit the inflatable.

If at any time during your rental, you are unable to provide adult supervision we recommend you stop using and turn off the equipment until such a time proper supervision can be present.
