Product Description:

CleanBoost® Brake Cleaner HD™ is a powerful product that cleans clutch dust, brake dust, dirt, dust, oil, tar, grease, brake fluid and other residues.

This unique formula helps it dry quickly and leaves no residue.

CleanBoost® Brake Cleaner HD™ Works on your brake system and race car clutch application, brake shoes, brake drums, cylinders, brake calipers, disc brake pads, and all other related parts.

CleanBoost® Brake Cleaner HD™ applied on brakes pads and shoes, makes them less likely to squeal and chatter. Keeping your brake components in top-working condition should be an important part of your ongoing vehicle maintenance.

Legal for sale and use in 49 states, excluding California
